2024 Tax Rate

The tax rate will be 1.8% in 2024. For wholesale drug distributors, the 1.8% rate applies to taxable receipts you receive starting January 1, 2024.

Revenue from MinnesotaCare taxes is deposited into Minnesota's Health Care Access Fund. The tax rate will change to 1.8% in 2024 to bring the fund into balance. For more information about the change, refer to Minnesota Statutes 295.52, subdivision 8.

Important Reminders

2023 Tax and Interest Rates

The tax rate is 1.6% for 2023. For wholesale drug distributors, the 1.6% rate applies to taxable receipts you received during 2023.

The interest rate is 5% for 2023.

COVID-19 Vaccine Distribution

The wholesale distribution of COVID-19 vaccines to entities in Minnesota was not subject to MinnesotaCare Wholesale Drug Distributor Tax while the COVID-19 federal public health emergency under Section 319 of the Public Health Service Act was in effect.

The COVID-19 federal public health emergency ended May 11, 2023.

Out-of-State Pharmacies

File a Legend Drug Use Tax Return

Out-of-state pharmacies selling legend drugs to consumers in Minnesota can no longer report these sales on a MinnesotaCare Wholesale Drug Distributor Tax Return.

You must now report this information on a Legend Drug Use Tax Return and file the return by March 15. Use the *MinnesotaCare Legend Drug Use Tax Instructions* available on our website for information on how to register for a Legend Drug Use Tax account and prepare your annual return.

If you do not have a Minnesota ID number, you must register for one. You can register on our website at www.revenue.state.mn.us or by contacting Business Registration (refer to *Contact Us* on Page 1). You can add a Wholesale Drug Distributor Tax account at the same time you register for a Minnesota ID number.

If you currently have a Minnesota ID number for other Minnesota taxes, you can add a Wholesale Drug Distributor Tax account to your number. To add an account, go to our website and log in to e-Services or contact Business Registration.

General Information

Who Must File

You must file a MinnesotaCare Wholesale Drug Distributor Tax Return if you are a wholesale drug distributor that has taxable presence, or nexus, in Minnesota and sells or distributes legend drugs in the state.

These situations are common examples of when you are subject to tax:

- You are a business that has taxable presence in Minnesota and you sell legend drugs at wholesale in the state (including, but not limited to, wholesale drug distributors, manufacturers, and repackagers)
- You are a business that sells or distributes legend drugs to a related corporate entity in Minnesota

Note: You are not required to file a return if you only sell or distribute legend drugs to these entities:

- Other wholesale drug distributors selling exclusively at wholesale
- Veterinarians
- Veterinary bulk purchasing organizations

Remote Sellers

Remote sellers are out-of-state businesses that sell products to customers in Minnesota without having physical presence, or nexus, in the state.

Remote sellers that sell or distribute legend drugs at wholesale into Minnesota must file a Wholesale Drug Distributor Tax Return if they meet one or both of these thresholds during a calendar year:

- 200 or more legend drug sales, deliveries, or distributions into Minnesota
- More than \$100,000 in gross receipts from the sale, delivery, or distribution of legend drugs into Minnesota

Small Seller Exception for Remote Sellers. Remote sellers that are below both thresholds during a calendar year qualify for the Small Seller Exception and are not subject to tax for that year.

If you qualify for the Small Seller Exception for 2023 and are not registered for Wholesale Drug Distributor Tax, you do not need to register or file a return now. If for any calendar year you no longer qualify for the Small Seller Exception, you must register, file a return, and pay tax for that year.

If you qualify for the Small Seller Exception for 2023 and are already registered, refer to *Claiming the Small Seller Exception for Remote Sellers* on Page 6.

For more information on remote seller requirements and the Small Seller Exception, go to our website at www.revenue.state.mn.us and enter **MinnesotaCare Remote Sellers** in the Search box.

Taxable Presence (Nexus)

You are subject to MinnesotaCare tax if you have taxable presence, or nexus, in Minnesota. Taxable presence means you either have physical presence or economic presence in the state.

General Information (continued)

Physical Presence

You have physical presence in Minnesota if you, a subsidiary, or an affiliate have a location in the state or a representative that does work for you in the state. Representatives include those working in the state, permanently or temporarily. You also have physical presence if you own or lease property in Minnesota.

If you have physical presence in Minnesota, you must file a return every year.

Economic Presence

Economic presence in Minnesota only applies to remote sellers (out-of-state businesses that sell or distribute legend drugs at wholesale into Minnesota without having physical presence in the state). Remote sellers have economic presence in Minnesota every year they do not qualify for the Small Seller Exception and must file a return for those years.

For more information on taxable presence and for common examples of locations, representatives, and property that establish physical presence in Minnesota, go to our website at www.revenue.state.mn.us and enter **MinnesotaCare Taxable Presence** in the Search box.

Definition of Legend Drugs

Legend drugs are drugs or gases required by federal law to be sold or dispensed in a container labeled with one of these statements:

- “Caution: Federal law prohibits dispensing without prescription”
- “Rx only”

Legend drugs or gases must be classified by the U.S. Food and Drug Administration (FDA) as a drug and not a device.

Nutritional products, blood, and blood components are not legend drugs and are not subject to Wholesale Drug Distributor Tax.

Blood derivatives, however, that are derived from blood, plasma, or serum through a chemical manufacturing process, are legend drugs and are taxable.

Tax Expense Transfer

Wholesale drug distributors may transfer and recover the cost of MinnesotaCare Wholesale Drug Distributor Tax, or the “tax expense”, by passing it through to buyers of the legend drugs.

You cannot transfer the tax expense in a deceptive manner or transfer it when no tax is owed.

Revenue Notices

Revenue notices provide interpretation, details, or more information on Minnesota tax laws or rules. Revenue Notice 98-10, *Legend Gas Distributors*, applies to Wholesale Drug Distributor Tax. Go to our website at www.revenue.state.mn.us to download a copy.

Electronic Filing and Payment Requirements

Annual Return

You must file your annual return electronically using our e-Services system (refer to *How to File Your Annual Return* on Page 5).

Payments

You must pay electronically if your tax liability was more than \$10,000 for any one Minnesota business tax during the previous fiscal year (July 1 – June 30).

If you are required to pay any Minnesota business tax electronically for one year, you must pay all Minnesota business taxes electronically for all future years. We will send you a notice the first year you are required to pay electronically.

We will assess a 5% payment method penalty on any non-electronic payments if you do not pay electronically when required.

Filing Due Date

Annual Return

The regular due date to file your annual Wholesale Drug Distributor Tax Return and pay any additional tax due for the previous calendar year is March 15.

You must file a return even if there is no additional tax due. If March 15 falls on a weekend or holiday, returns filed the next business day are considered timely.

Extension of Time to File

If you cannot file your return by the regular due date, you may request a 60-day filing extension. To request an extension for your 2023 return, call 651-282-5533 no later than March 15, 2024.

A filing extension does not extend the time you have to pay your tax. You must pay any tax you owe by March 15 or we will assess penalties and interest. To pay electronically, go to our website and log in to e-Services.

Estimated Tax Payments

You must make estimated tax payments for the year if your total annual Wholesale Drug Distributor Tax was more than \$500 for the previous year and will be more than \$500 for the current year.

General Information (continued)

If you are not required to make estimated tax payments for the year, you may pay your tax annually when you file your return. You must pay all tax owed by March 15.

Due Dates

Estimated tax payments are due quarterly by April 15, July 15, and October 15 of the current year and January 15 of the following year.

If a due date falls on a weekend or holiday, payments electronically made or postmarked the next business day are considered timely.

How to Calculate Your Estimated Tax Payments

You must calculate your quarterly estimated tax payments using either:

- 90% of your tax for the current year
- 100% of your tax for the previous year

You may choose the smaller of these amounts and divide it by four to get the **minimum** estimated tax payment you must pay for each quarter.

For help making this calculation and for examples, use the *MinnesotaCare Estimated Tax Instructions* for Wholesale Drug Distributor Tax available on our website.

Additional Charge for Underpaid Estimated Tax

If any estimated tax payment is paid late or is less than the required amount, we will assess an additional charge. Our e-Services system will calculate any additional charge when you file your annual return.

Note: To avoid the additional charge, your best option is to calculate estimated tax payments based on your tax for the previous year. By doing this, you may pay more than the minimum estimated tax payment required each quarter, but you will avoid the additional charge. Any amount you overpay will be refunded to you when you file your annual return.

Reporting Business Changes

Be sure to update your business information if any of these apply:

- You changed the name, address, owner/officers, or ownership of your business
- You changed contact information (such as email address, phone number, or contact person)
- You need to add or close a tax account
- You closed your business
- You are no longer required to file and pay the tax

To update your business information, go to our website and log in to e-Services. For more information, refer to *Manage Your Profile in e-Services* on Page 7.

Recordkeeping

Keep all internal accounting records and external third-party documentation that support the amounts reported on your Wholesale Drug Distributor Tax Return.

This includes any paper records and any records you receive or store electronically. Some examples of paper and electronic records include:

- Legend drug sales invoices
- Audited and compiled financial statements
- All other summary and detail reports, schedules, ledgers, and journals
- Computer system or software back-ups

If you are audited, you will need to provide four to six years of records. All documentation must be made available for the department to review. Exempt sales may be denied if your documentation is incomplete.

Statute of Limitations

The department may audit your return within 3½ years from the due date of the return or the date you filed the return, whichever is later. If there is an error in the amount of tax you reported, and the difference between the original amount and the correct amount is 25% or more, we have 6½ years to audit the return. There is no time limit if we find you have filed a false or fraudulent return, or if you have not filed a return.

Electronic Payment Options

e-Services

You can make payments using our online e-Services system. You will need your bank routing and account numbers. You cannot use a foreign bank account. Go to our website at www.revenue.state.mn.us and log in to e-Services.

To be timely, you must submit your payment and receive a confirmation number on or before the payment due date. If you pay through e-Services, you can view a record of your payments online once they have processed.

For more information on how to pay with a card, go to our website at www.revenue.state.mn.us and select **Make a Payment**. Then, select **Credit or Debit Card**.

Tax

Our e-Services system will calculate your tax. The tax rate for 2023 is 1.6%.

Estimated Tax Payments

Any estimated tax payments you made for the year will be applied to your return. You will be asked to review the payments in e-Services when filing your return. If there are discrepancies between the payments in e-Services and your records, please contact us.

Penalties and Interest

Late Payment Penalty

We will assess late payment penalty on any tax that is not paid by March 15. The penalty is 5% of the unpaid tax for every 30-day period (or part of a 30-day period) that your tax is not paid in full, up to 15%.

Late Filing Penalty

We will assess late filing penalty for filing your return after March 15. The penalty is 5% of any unpaid tax.

Extended Delinquency Penalty

If the department sends a written demand to file a tax return and the return is not filed within 30 days, we will assess an extended delinquency penalty. The penalty is 5% of any unpaid tax or \$100, whichever is greater.

This penalty is in addition to any late filing penalty. It applies to all unfiled returns, even if you paid the correct amount of tax on time or if you do not have a tax liability.

Payment Method Penalty

If you are required to make your tax payments electronically and do not, we will assess a 5% penalty on any non-electronic payments (such as paper checks or money orders).

How to File Your Annual Return (continued)

Interest

We charge interest on unpaid tax and penalties from the date the tax is past due until it is paid in full. The interest rate is determined each year.
