## Important Notice for Taxpayers Using Intuit Products (TurboTax, Lacerte, Intuit online, ProSeries)

The Minnesota Department of Revenue advises you **not** to use Intuit (TurboTax, Lacerte, Intuit online, ProSeries) to file your Minnesota taxes electronically or on paper. Intuit has discovered multiple issues with their products. The issues could jeopardize the accuracy of your return or delay your refund.

### What should I do?

IF YOU...	THEN
Have NOT prepared or filed your return	File using a different software product. Visit our <a href="#">approved software vendor page</a> .
Prepared your return using Intuit but did not file	Wait to file until Intuit communicates the problems are corrected.
Have filed your return using Intuit	Call Intuit at 1-866-888-4609.

The Department of Revenue is not affiliated with Intuit and we find these errors unacceptable. We expect Intuit to correct these problems immediately. If they fail to do so, the department will stop processing returns filed using Intuit.

We will continue to monitor the situation closely.

Concerned taxpayers may contact Intuit at 1-866-888-4609.
