Form CT303 Instructions

When you buy tobacco products in Minnesota, the price you pay includes the following Minnesota taxes and fees:

- if the purchase was made on or after July 1, 2013, Tobacco Products Tax equal to 95 percent of the cost
- if the purchase was made on or after Aug. 1, 2005, but before July 1, 2013, Tobacco Products Tax equal to 35 percent of the cost and an additional Health Impact Fee equal to the Tobacco Products Tax, (for a total of 70 percent)
- if the purchase was made before Aug. 1, 2005, Tobacco Products Tax equal to 35 percent of the cost
- Sales Tax

If you buy tobacco products outside the state and aren't charged these Minnesota taxes and fees, you must pay them directly to Minnesota.

Complete Form CT303 to report and pay the Tobacco Tax and Health Impact Fee. For information on how to report and pay the Minnesota Sales Tax, see "Sales and Use Tax" on this page.

Due Date

File Form CT303 and pay the tax due by the 18th day of the month following the month in which you purchased the tobacco.

If you don't file voluntarily, you may be billed for the tax you owe as information about your purchases becomes available to us. Your bill will include penalty and interest charges, if applicable.

Sales and Use Tax

If you didn't pay Sales Tax on your tobacco purchases, you may owe Use Tax.

In general, you owe Use Tax whenever Minnesota Sales Tax isn't charged on taxable items you buy, whether you buy them in Minnesota or outside the state.

If the items you're buying are for your personal use (as opposed to buying items to use in a business), you can buy up to \$770 worth of taxable goods during the calendar year without paying Use Tax. If, however, your purchases total more than \$770, you must pay Use Tax on the entire amount. If you owe Use Tax, you may do one of the following:

- file and pay electronically from our website at www.revenue.state.mn.us (log in to e-Services, enter your Social Security number and follow the prompts to file and pay individual Use Tax)

- complete Form UT1, *Individual Use Tax Return*. Forms are available on our website.

Use of Information

The information on this return will be used to determine the correct Minnesota tax and fee liability for your out-of-state tobacco purchase(s). Your Social Security number is private. You're not legally required to furnish the number, but if you don't we may not be able to properly identify you or process your payment and return.

Exemption

Purchases Made July 1, 2008, or Later

If you purchased products on or after July 1, 2008, you can buy \$50 worth of products without paying Tobacco Tax if you:

- use or store the tobacco products for your personal use, and
- carried the tobacco products into Minnesota

Tobacco products purchased by mail order aren't exempt for this time period.

Purchases Made Prior to July 1, 2008

If you purchased the products prior to July 1, 2008, and the products were for personal use, you could have purchased \$100 worth of products without paying Tobacco Tax. In addition, you didn't need to personally carry the tobacco products into the state. In this case, tobacco purchased by mail order is exempt for this time period.

Note: These exemptions don't apply to businesses or individuals who purchase the products for resell.

Using the Exemption

List the amount of the exemption you're claiming on line 1 in Section A. Subtract this amount from the following lines, in order, until you've used the entire exemption: Lines 1, 4, 10, 8. If an exemption remains after applying it to these lines and there is an amount listed on line 6, you may subtract the remaining exemption from the cigar wholesale price as long as the cigar's cost isn't greater than the remaining exemption.

Definition of Tobacco Products

A tobacco product is any product that contains tobacco or any product that is made or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means.

The definition excludes any tobacco product that has been approved by the U.S. Food and Drug Administration and is marketed and sold solely as a tobacco cessation product, as a tobacco dependence product or for other medical purposes.

Definition of Premium Cigars

Premium cigars that should be included on this form are defined as:

- hand-constructed and hand-rolled
- has a wrapper made entirely from whole tobacco leaf
- has a filler and binder made entirely of tobacco, except for adhesives or other materials used to maintain the size, texture, or flavor, and
- has a wholesale price of \$2.00 or more

Continued

Penalty and Interest

Penalty

Penalties are collected as part of the cigarette taxes and fees.

Late Payment. A penalty is due if you don't pay your total taxes and fees by the due date. If your payment is 1 to 30 days late, the penalty is 5 percent of the unpaid amount; 31 to 60 days late, 10 percent; more than 60 days late, 15 percent.

Late Filing. If you also don't file your return on time, you must pay an additional penalty for filing late. The late-filing penalty is 5 percent of the unpaid taxes and fees.

Interest

You must pay interest on the unpaid taxes and fees plus any penalties from the due date until the date the total is paid.

To figure how much interest you owe, use the following formula with the appropriate interest rate:

Interest = (tax/fee + penalty) × # of days late × interest rate ÷ 365

The interest rates are:

2018 .. 4%	2017	4%
2016 .. 3%	2015	3%
2014 .. 3%	2013	3%
2012 .. 3%	2011	3%
2010 .. 3%	2009	5%
2008 .. 8%	2007	8%
2006 .. 6%	2005	4%

Form CT303 Instructions Continued

Definition of Moist Snuff

Moist snuff is finely cut, ground, or powdered smokeless tobacco that is intended to be placed or dipped in the mouth.

Line Instructions

Section A

Enter the requested information into the table. Make sure you report each invoice separately. Report all tobacco purchased that does **NOT** meet the definition of either premium cigars or moist snuff in Column D “Tobacco Purchased”.

Report all tobacco purchased meeting the definition of premium cigars in Column E “Premium Cigars Purchased”.

Report all tobacco purchased meeting the definition of moist snuff in Column F “Moist Snuff Purchased”.

Section B

In Minnesota, you can't pay more than \$.50 in tax per cigar on premium cigars and you can't pay less than \$3.04 in tax per container of moist snuff. Follow the instructions listed on the form to calculate the correct amount of tax that should be paid on these purchases.

Line 13

Penalty

To determine the penalty amount to enter on line 13, see “Penalty and Interest”.

Line 14

Interest

To determine the interest amount to enter on line 14, see “Penalty and Interest”.
