2015 Schedule KPI Instructions

Individual, estate and trust partner's use of information provided on Schedule KPI

Purpose of Schedule KPI

Schedule KPI is a supplemental schedule provided by the partnership to its individual, estate or trust partners.

The partners will need this information to complete a Minnesota Form M1, *Individual Income Tax Return*, or Form M2, *Income Tax Return for Estates and Trusts*.

A partner who is a Minnesota resident will be taxed by Minnesota on all of his or her distributive income from the partnership even if the income is apportioned between Minnesota and other states. A nonresident partner will be taxed on the Minnesota distributive income from the partnership.

These instructions are intended to help you report your share of the partnership's income, credits and modifications on your Minnesota return.

You must include Schedule KPI when you file your Form M1. If you do not include the schedule with your return as required, the department will disallow any credits and assess the tax or reduce your refund.

If you received an amended Schedule KPI from the partnership and your income or deductions have changed, you must file an amended Minnesota return.

Individuals: Use Form M1X, *Amended Minnesota Income Tax Return*, for the year you are amending.

Estates and trusts: You must use the current version of Form M2X, *Amended Income Tax Return for Estates and Trusts*, regardless of the year you are amending.

Line Instructions

Individuals: Include amounts as shown on Schedule KPI. For additional information, read the appropriate line instructions.

Line 21 — Minnesota Source Gross Income

Minnesota source gross income is used to determine if a nonresident individual, estate or trust is required to file a Minnesota income tax return. Gross income is income before business or rental deductions and does not include losses.

Nonresident individuals: If your 2015 Minnesota source gross income is \$10,300 or more and you did not elect composite filing, you are required to file Form M1 and Schedule M1NR, *Nonresidents/Part-Year Residents*.

If your 2015 Minnesota source gross income is less than \$10,300 and you had Minnesota tax withheld (see line 37), file Form M1 and Schedule M1NR to receive a refund.

Estates and trusts: You are required to file Form M2 and pay tax if the Minnesota gross income is \$600 or more.

Lines 22–33

Lines 22–33 apply to nonresident partners. All income of a Minnesota resident is assigned to Minnesota, regardless of the source.

If certain items are not entirely included in your federal adjusted gross income (if an individual) or federal taxable income (if an estate or trust) because of passive activity loss limitations, capital loss limitations, section 179 limitations or for other reasons, include only the amounts that you included in your federal adjusted gross income (individuals) or federal taxable income (estates or trusts).

Nonresident individuals: Include lines 22–33 on the corresponding lines in column B of Schedule M1NR.

Estates and trusts: Lines 22–33 are used to determine the partnership's Minnesota sourced income and non-Minnesota sourced income to include on lines 2 and 7 of Form M2. To determine the non-Minnesota losses and income, subtract the amounts on lines 22–33 from the corresponding amounts on Schedule K-1.

Lines 35–37

Nonresident individuals: Although Minnesota source gross income (line 21) determines whether you must file a Minnesota return, your Minnesota source distributive income is ultimately taxed.

Lines 35–37 were used to determine your share of the partnership's Minnesota source distributive income. You may need to refer to these amounts when you file your home state's income tax return.

If you are required to pay Minnesota tax on your Minnesota source distributive income, the partnership is required to withhold tax,

unless you elect to have the partnership pay composite tax to Minnesota on your behalf. If you elected for the partnership to pay composite tax, you are not required to file Form M1.

Line 35. Your Minnesota source distributive income is considered your Minnesota taxable income from this partnership.

Line 36. If you elected, the composite tax paid on your behalf equals 9.85 percent of your Minnesota taxable income (line 35), minus your share of any credits on lines 12, 13, 15, and 16.

You are not required to file an individual Minnesota return (Form M1).

Line 37. If you did not elect composite income tax, the partnership may be required to withhold tax from your Minnesota source distributive income. The amount

withheld equals 9.85 percent of your Minnesota taxable income (line 35), minus your share of any credits on lines 12, 13, 15, and 16.

To claim nonresident withholding when you file your Form M1, you must enclose this schedule showing Minnesota tax was withheld.

Sale of a Partnership Interest

If you sell any portion of your interest in a partnership, some or all of the gain may be taxable. Or you can use any loss on the sale to offset other Minnesota income to the extent the losses are deducted on your federal return.

To determine the ratio of gain or loss that is assigned to Minnesota at the time of the sale, divide the original cost of the partnership's tangible property *in Minnesota* by the

original cost of all tangible property of the partnership. (Tangible property includes real estate, inventory and equipment.) If you don't have these numbers, contact the partnership.

If more than 50 percent of the value of the partnership's assets are intangibles, the gain/loss is allocated to Minnesota using the partnership's prior year sales factor. Include the result on Schedule M1NR, line 4, column B.
