Analysis of H.F. 174 (Peppin) / S.F. 725 (Daley)

The bill requires the Commissioner of Revenue to issue a request for proposal for a system of tax analytics and business intelligence tools. The system is intended to improve and enhance the tax collection process and revenues. The bill provides a list of required system capacities. The Commissioner is required to enter into a contract, within the specifications listed in the bill, for these services by October 1, 2011.

Information provided by the supplemental system tools could result in additional compliance revenues.
