Effective beginning with fiscal year 2003.

EXPLANATION OF THE BILL

Current Law: In fiscal year 2002, \$91,000,000 is appropriated from the general fund to make TIF grants under this section. In each fiscal year thereafter, \$38,000,000 is appropriated from the general fund to make grants. If the amount of grant entitlements exceeds the amount available for grants, each grant will be reduced proportionately so that the total does not exceed the amount available.

Proposed Law: The proposal appropriates a yet to be determined dollar amount of unused money remaining in the TIF grant fund to be used to provide funding for the economic development and housing challenge program.

REVENUE ANALYSIS DETAIL

- The dollar amount of unused money remaining in the TIF grant program at the end of the 2003 fiscal year is unknown.
- Since there is a provision that the total grants for a fiscal year cannot exceed funds available, there is no impact on the general fund

February 25, 2002

Number of Taxpayers Affected: Taxpayers and their communities that are the recipient of the housing challenge program will benefit from the use of unused money.

ADMINISTRATIVE/OPERATIONAL IMPACT

There will be no significant administrative or operational costs or savings to DOR in administration of this bill.
