Analysis of H.F. 2255 (Downey) / S.F. 1902 (Ingebrigtsen)

	<b>Fund Impact</b>			
	<b><u>F.Y. 2012</u></b>	<b><u>F.Y. 2013</u></b>	<b><u>F.Y. 2014</u></b>	<b><u>F.Y. 2015</u></b>
			(000's)	
General Fund (6.5%)	\$0	(\$91,800)	(\$56,800)	(\$34,100)
Natural Resources and Arts Funds (0.375%)	\$0	(\$5,300)	(\$3,300)	(\$2,000)
<b>Total – All Funds</b>	\$0	(\$97,100)	(\$60,100)	(\$36,100)

Effective for sales and purchases made after June 30, 2012.

### EXPLANATION OF THE BILL

**Current Law:** Capital equipment, as defined, is exempt from the sales and use tax when used by production industries. The exemption is administered as a tax refund. Tax must be paid on the purchase, lease, or use of the equipment and a claim for refund submitted to the Department of Revenue. A business may file no more than two claims in a calendar year, but the claims can be for multiple transactions.

The items must be acquired by the user in order to be exempt. Machinery and equipment purchased by a contractor under a lump-sum contract do not qualify.

**Proposed Law:** The bill would eliminate the refund requirement, making the exemption for capital equipment available at the time of purchase or lease.

### REVENUE ANALYSIS DETAIL

- The estimate was based on capital equipment expenditures taken from the U.S. Census report *Annual Capital Expenditures*. National expenditures were apportioned to Minnesota based on the state's share of the U.S. manufacturing, mining, and electric utility sectors.
- Total estimated qualifying expenditures were adjusted to exclude contractor purchases and non-essential equipment and to include parts, accessories, foundations, and special purpose buildings, which are part of the definition of capital equipment in the sales tax statute.
- Total adjusted expenditures were multiplied by the 6.875% tax rate, and increased annually by growth in expenditures for industrial equipment based on data published in February 2012 by Global Insight, Inc.
- Capital equipment refunds from the February 2012 state revenue forecast were subtracted from total estimated qualifying expenditures to arrive at the core revenue impacts.

**REVENUE ANALYSIS DETAIL (Cont.)**

- The estimates were further adjusted to account for tax refunds on purchases made before June 30, 2012, which will be paid after the proposal takes effect. A portion of the refunds paid each year reflects tax paid in previous years. Businesses have 3 ½ years from the date of purchase or lease to file refund claims.
- The estimate for fiscal year 2013 was adjusted for the effective date (eleven months of impact in the first year).
