Analysis of H.F. 2927 (Hortman) as introduced

Effective for taxes payable in 2013 and thereafter.

The bill would modify the spending authority of the Metropolitan Council and the Three Rivers Park District. Both entities would be required to apportion and use the proceeds of the property tax levied on property located within Hennepin County only for services, programs and projects within the county. For projects and programs located and services performed within and outside Hennepin County, the districts would allocate and pay the Hennepin County share of the costs in proportion to the benefits received.

The proposal would not impact the state general fund. The maximum levy authority would be unchanged for the Metropolitan Council and the Three Rivers Park District.
