Analysis of S.F. 0212 (Franzen) First engrossment

Under current law, a special service district or housing improvement district established before June 30, 2013 requires no special legislative authorization. After June 30, 2013 the establishment of these districts would each require special legislative authorization.

The bill would repeal the June 30, 2013 deadline after which special legislative authorization would be required to establish a special service district or housing improvement district.

There is assumed to be no impact to the state general fund from the proposed changes.
