Who is Eligible?

You may be eligible for the credit for income tax paid to another state if:

- you were a Minnesota resident for all or part of 2013; and
- you incurred 2013 income tax (including tax withheld) for Minnesota and for another state on the same income. A Canadian province or territory and the District of Columbia are considered a state for purposes of this credit.

Include: Any income taxes paid to another state by an S corporation or a partnership that you included on line 8 of Schedule M1M.

Do not include: Any tax paid to a local unit of government (such as a city, county or school district) or national government, including a possession of the United States or the national government of Canada.

Canadian province or territory taxes used to claim a federal foreign tax credit cannot be used to determine your Minnesota credit. See the line 6 instructions for details.

Part-Year Residents

To be eligible, you must have been a Minnesota resident when you received the income that was taxed by both states. Also, you must file a return with the other state.

Exception: If you were a resident of another state but are required to file a Minnesota income tax return as a resident, you may be eligible for this credit if you paid 2013 state tax on the same income to both Minnesota and the state of which you were a resident. However, you must get a statement from the other state's tax department stating you are not eligible to receive a credit on that state's return for income tax paid to Minnesota. Include the statement and Schedule M1CR with your Form M1.

Minnesota Residents Working in Michigan or North Dakota

If you had 2013 state income tax withheld by Michigan or North Dakota from personal service income—such as wages, salaries, tips, commissions, bonuses —you received from working in one of those states, do not use Schedule M1CR. You can get a refund of the tax withheld for the period you were a Minnesota resident by filing that state's income tax return with that state.

However, if you paid 2013 income tax to one of those states on income other than from personal service income—such as income from rental property or from the sale of real property—you may be eligible for this credit. Complete Schedule M1CR.

If You Paid Taxes to More Than One Other State

If you paid 2013 state income tax on the same income to Minnesota and to more than one other state:

- 1 Complete a separate M1CR for each state.
- 2 Add the amounts from line 7 or line 11, whichever applies, from each M1CR.
- 3 Enter the result from step 2 on line 17 of Form M1.

Lines 1 through 6

Round amounts to the nearest whole dollar.
