Effective retroactively for sales and purchases made after June 30, 2013.

EXPLANATION OF THE BILL

This bill would repeal the imposition of the sales and use tax on electronic, commercial, and industrial equipment repair services and on warehousing and storage services. The bill would also reinstate the sales tax exemption for telecommunications machinery and equipment. The bill would allow the purchaser to claim a refund of any sales and use taxes that have been paid since these services and equipment became taxable.

REVENUE ANALYSIS DETAIL

- This estimate is based on the Minnesota Consumption Tax Model and analysis completed for the 2013 legislative session.
- This estimate assumes that all refunds for previously paid sales and use taxes would be paid in fiscal year 2014.
