Effective materials and supplies used in construction occurring between April 1, 2014, and July 1, 2015.

EXPLANATION OF THE BILL

As proposed to be amended, the bill would create an exemption from the sales and use tax that would apply to materials and supplies purchased and donated by a private entity and used in the construction of an addition to a county library.

REVENUE ANALYSIS DETAIL

- It is expected that the exemption would apply to only one project.
- This estimate is based on \$1.1 million in materials and equipment for the Marshall-Lyons County Public Library expansion project. The materials figure was provided by the project's architect.
- The exact breakdown of cost between fiscal years is not known at this point. This estimate assumes that one third of the cost will be in fiscal year 2014 and two thirds of the cost will be in fiscal year 2015.
