Schedule M1LS instructions 2010

Who must file

If you received a lump-sum distribution from a pension, profit-sharing or stock bonus plan in 2010, you must file Schedule M1LS if both of the following conditions apply:

- you filed federal Form 4972, Tax on Lump-Sum Distributions, and
- you were a Minnesota resident when you received any portion of the lump-sum distribution.

You must include Schedule M1LS and a copy of your federal Form 4972 when you file Form M1.

Part-year residents: If you received the full amount of the distribution while you were a nonresident of Minnesota, you do not have to complete Schedule M1LS. If you received a portion while you were a nonresident and a portion while you were a resident, you must complete Schedule M1LS and include the full amount from federal Form 4972 on your Schedule M1LS.

Five-year averaging method

Even though federal Form 4972 allows you to use only the ten-year averaging method, you must use the five-year averaging method for Minnesota.

Capital gain election

Minnesota does not allow a capital gain election for lump-sum distributions. Therefore, any capital gain reported on federal Form 4972, line 6, must be reported as an addition to federal taxable income on line 15 of Schedule M1M.
