

How is the Sales Tax Rate Map different from the Sales Tax Rate Calculator?

The map is an interactive tool that allows you to explore different Minnesota locations. You can find local tax rates by clicking a location on the map.

The Sales Tax Rate Calculator is text-based requiring an address or a 9-digit ZIP code to look up local tax rates.

Does the map provide local tax rates for past quarters?

Yes. The map has past local tax rates from July 1, 2018 to present. To view past tax rates, use the drop-down menu under Effective Period to select the desired quarter.

For tax rates prior to July 1, 2018, use the Sales Tax Rate Calculator.

How do I navigate in the map?

There are two ways to search for tax rates in the map:

1. Enter an address in the Search box.
2. Click on your desired location.

Can I save or print the search results?

Yes. Select "Download Results" from the Sales Tax Results section to generate a PDF report that you can save or print.

What if the address I enter is not recognized?

The map will locate most addresses, but it may not recognize some addresses. If the map does not recognize an address, we recommend using the Plus and Minus buttons to zoom to the location the address is located.

On the next page is a table to help you interpret the sales tax results you get from the map.

If I enter a...	The map shows me...	Things to consider
Street Address <i>Example:</i> 600 Robert St. N Saint Paul, MN 55155	The tax rate that applies at this specific physical location: 600 Robert St. N Saint Paul, MN 55155	
5-digit ZIP code <i>Example:</i> 55101	The tax rate that applies at the center of the 5-digit ZIP code	Five-digit ZIP codes may cross taxing areas. When using a 5-digit ZIP code alone, confirm the map is showing the location you are interested in.
9-digit ZIP code <i>Example:</i> 55101-2228	The tax rate that applies at the center of the 9-digit ZIP code	When using a 9-digit ZIP code alone, confirm the map is showing the location you are interested in.
City or County <i>Example:</i> Saint Paul, MN	The tax rate that applies at the center of Saint Paul, MN	When using a geographic area, confirm the map is showing the location you are interested in.
Post Office Box <i>Example:</i> PO Box 999	No results	The map does not recognize PO Box addresses. Use the address of the Post Office where the PO Box is located.
