Analysis of S.F. 395 (Klein) / H.F. 651 (Hansen)

The bill authorizes the city of West St. Paul to impose a sales and use tax of 0.5%, as approved by the voters at the 2018 general election. The proceeds would be used to finance capital and administrative costs of street projects identified in the pavement management plan for the city. The bill authorizes a bond issuance of up to \$28 million plus bond costs.

The tax would terminate the earlier of 20 years after it is first imposed or when the city council determines that \$28 million plus bond costs has been received from the tax to pay for the cost of the projects. The tax may expire earlier if the city so determines by ordinance.

The bill would have no impact on state taxes.
