Form PDR-1 Instructions

Purpose

Complete this form to get a refund of Minnesota tax paid on gasoline, undyed diesel fuel and undyed kerosene used for qualifying purposes in your trade or business (including farming).

Claims for a qualifying trade or business (production of income) must include a list of nonlicensed equipment in which the fuel was used.

A qualifying purpose means gasoline or special fuel used in any of the following:

- on a farm for farming purposes
- for off-highway business use in your trade, business or activity for the production of income. (**Off-highway business does not include use in a motor vehicle registered for highway use within the last 12 months.**)
- certain emergency vehicles that are
 - diesel powered
 - clearly marked as emergency vehicle
 - owned by a city, county, or municipality

This refund does not apply to gasoline or special fuel purchased for personal use, such as for lawn and garden equipment, or for fuel used in boats, snowmobiles, airplanes or licensed motor vehicles.

Your claim for refund is subject to audit. You must keep all records pertaining to this claim (fuel receipts, bulk purchase receipts, bills of lading, fuel logs and IFTA reports) for at least 3.5 years from the time the claim is submitted. Do not send copies of receipts or invoices.

Due Date

Claims must be filed within one year from the date of purchase. The postmark date is considered the filing date.

Each claim must cover only one month. Only one claim per period is allowed and if corrections to the original claim are necessary, an amended claim must be filed.

Keep Accurate Records

You must obtain a sales ticket/invoice for each purchase made during the claim period, regardless of amount. You are no longer required to send receipts with your claim, but must keep them for 3.5 years.

The name and address of the dealer must be machine-printed or rubber-stamped on each sales ticket/invoice. Also, each sales ticket/invoice must be machine-numbered and show the name of the purchaser, date of sale, number of gallons, type of product, price per gallon and amount of tax.

All refunds are based on usage and not on purchases. If purchasing fuel from retail stations, receipts need to be labeled as to what type of equipment the fuel went into.

When dispensing fuel from a bulk tank, you must keep records that provide the date the fuel was withdrawn and the number of gallons, and a description of the equipment the fuel was used in. Fuel logs must be maintained and made available to the Department of Revenue upon demand.

Keep accurate records of all your sales tickets/invoices for at least 3.5 years.

Sales and Use Tax

If you receive a refund on petroleum taxes paid, you may be required to pay Minnesota use tax on those purchases.

For more information, see Sales Tax Fact Sheet #116, *Petroleum Products*, send an email to SalesUse.Tax@state.mn.us or call 651-296-6181 or 1-800-657-3777.

Line Instructions

Line 2, Columns A and B — PTO

Tax paid on gasoline or special fuel used to operate a power take-off unit (PTO) or auxiliary engine fueled from the same supply tank as the highway vehicle is refundable. The refund claim is based on only the fuel consumed by the PTO or auxiliary engine. Fuel consumed during idling time is **not** eligible for refund.

To claim a refund, complete Schedule PDR-1PTO, *Power Take-Off Worksheet*, and attach it to this form.

If you file IFTA returns, please use these gallons when filing a PDR-1 claim. For more information, please visit our website.

Line 6 — Direct Deposit

To have your refund direct deposited into your checking or savings account, enter the routing and account numbers. You must use an account not associated with any foreign banks.

If the routing or account number is incorrect or is not accepted by your financial institution, your refund will be sent to you in the form of a paper check.

By providing your banking information, you are authorizing the department and your financial institution to initiate electronic credit entries, and if necessary, debit entries and adjustments for any credits made in error.
