2020 Filing Season

Now that the 2019 tax bill has been signed into law, the Minnesota Department of Revenue has begun our process to update the state tax filing systems for taxpayer use in 2020. This process happens annually, starting after the end of the legislative session.

As we do this work, you can expect that we will be looking for opportunities to work together with you to ensure everyone has the information, education, and services taxpayers need to meet their obligations under Minnesota law.
