Fact Sheet

You may qualify for a property tax exclusion on your homestead if:

1. You are an honorably discharged veteran who has a service-connected disability rating of 70% or higher
2. You are a surviving spouse of a qualifying veteran
3. You are a primary family caregiver of a qualifying veteran

What is the market value exclusion?

The exclusion reduces the market value of the home that is subject to property taxes. The program provides two exclusion levels:

Up to \$300,000 of market value is excluded from property taxes for:

- veterans who have a service-connected disability rating of 100% **permanent and total** (including permanent Individual non-employability)
- surviving spouses of qualifying veterans and service members
- qualifying Primary Family Caregivers of permanently and totally disabled veterans

Up to \$150,000 of market value is excluded from property taxes for:

- veterans with 70% or greater service-connected disability
- qualifying Primary Family Caregivers of veterans with 70% or greater service-connected disability

How do veterans qualify?

Veterans may qualify if all the following are true:

- You are honorably discharged from the United States armed forces
- You have a service-connected disability rating of 70% or higher
- You own a homestead property

How do surviving spouses qualify?

Surviving spouses of veterans with a 100% **permanent and total disability rating** may be eligible to continue to receive the exclusion. If the veteran died after December 31, 2011, but did not receive the exclusion before dying, the spouse may be eligible.

Surviving spouses receiving Dependency and Indemnity Compensation are also eligible.

Spouses of members of the U.S. Armed Forces who had a service-connected death while serving honorably in active service may qualify.

In all instances, surviving spouses qualify for \$300,000 of market value exclusion until they remarry, sell, transfer, or dispose of the property.

How do Primary Family Caregivers qualify?

Primary Family Caregivers must meet all of the following requirements:

- be a Primary Family Caregiver approved by the U.S. Department of Veterans Affairs under the Program of Comprehensive Assistance for Family Caregivers (U.S. Code, title 38, section 1720G)
- be a Primary Family Caregiver for an honorably discharged veteran with a service-connected disability of 70% or more
- own a homestead property

The veteran that the Primary Family Caregiver cares for cannot also own homestead property in Minnesota.

How do I apply?

As a veteran, you must:

1. Work with the Veteran Service Officer (VSO) in your county to access to your disability rating.
2. Submit an initial application to your county assessor's office by December 15.

You must **apply by December 15** to qualify for the exclusion for taxes payable next year (except for some manufactured homes that are taxed in the same year they are assessed).

For example, you must apply by December 15, 2020, to qualify for the exclusion for taxes payable in 2021. Applications received after December 15 will not be considered until the following assessment year.

Qualifying spouses may apply within two years of the veteran's death.

Surviving spouses of service members who die in active duty may apply within two years of the death of the service member.
