

## PRISM Summary Report Updates

You can access **PRISM summaries** here:

- [Mini](#)
- [Assessment Abstract](#)
- [Manufactured Homes](#)
- [Abstract of Tax Lists](#)
- [TIF](#)

For **test submissions**, follow the link that was posted to your county’s Virtual Room, PRISM folder, document ‘[County name] links.’ This link will remain the same for all subsequent test submissions.

**Approved PRISM submission** summaries can be found [here](#).

More information about how to use these reports is on the [PRISM website](#).

## General Enhancements

---

### 8/2018

- Users can now select to see several summarization levels in the same report.
- Reports are now on one sheet, which allows for easier filtering by UTA code, item number, or Jurisdiction. More information on how to create, download, and filter reports is on the [PRISM website, PRISM Summary Report User Instructions](#).
- Test submissions identify the submission as “Test” in the report header.

### 4/2018

- Users can now select Assessment Year in reports. While for some reports only one year of data might be available for now, as more years' data is submitted, this will show in the Assessment Year drop-down at the top of the report.
- Submission number parameters have been added to AA and Mini reports. This allows to create an AA report from Submission 3 data, and generate a Mini report for either Submission 1 or 2.

## ATL Summary

---

- Added the following items. They will show as blank in submissions prior to 2018.

| Item | Description                     | Comments                    |
|------|---------------------------------|-----------------------------|
| 465  | School Bond Credit Parcel Count | Added on Submission 3, 2018 |

|     |   |                             |
|-----|---|-----------------------------|
| 467 | TIF School Bond Credit Taxation Modifier  | Added on Submission 3, 2018 |
| 469 | School Bond Credit Taxation Modifier: NTC | Added on Submission 3, 2018 |

- Updated descriptions for the following counts. They now reflect credit instance counts, not only counts of full homesteads. For example, a partial homestead and a full homestead would each count as one instance, instead of 0.5 and 1.

| Item | Description  | Comments                      |
|------|--|-------------------------------|
| 420  | Taconite Homestead Credit Instance Count: 57% - Tier One (Less than Maximum Credit Paid) | Updated on Submission 3, 2018 |
| 430  | Taconite Homestead Credit Instance Count: 57% - Tier Two (Maximum Credit Paid)           | Updated on Submission 3, 2018 |
| 450  | Taconite Homestead Credit Instance Count: 66% - Tier One (Less than Maximum Credit Paid) | Updated on Submission 3, 2018 |
| 460  | Taconite Homestead Credit Instance Count: 66% - Tier Two (Maximum Credit Paid)           | Updated on Submission 3, 2018 |
| 565  | Supplemental Agricultural Homestead Market Value Credit Instance Count                   | Updated on Submission 3, 2018 |
| 568  | Agricultural Homestead Market Value Credit Instance Count: Tier One                      | Updated on Submission 3, 2018 |
| 569  | Agricultural Homestead Market Value Credit Instance Count: Tier Two                      | Updated on Submission 3, 2018 |
| 570  | Agricultural Homestead Market Value Credit Instance Count: Tier Three                    | Updated on Submission 3, 2018 |

## AA Summary

---

- Added the following items. Items will show as blank in submissions prior to PRISM Submission 2, 2018.

| Item | Description   | Comments                    |
|------|---|-----------------------------|
| 433  | Manufactured Home Park - Class One  | Added on Submission 2, 2018 |
| 483  | Qualifying Commercial Use - Congressionally Chartered Veterans Organization (Non-Revenue) | Added on Submission 3, 2018 |
| 484  | Qualifying Commercial Use - Congressionally Chartered Veterans Organization (Donations)   | Added on Submission 3, 2018 |
