### Use tax

Worthington use tax applies when you are located in the City and you buy items or services without paying the Worthington sales tax.

Use tax is similar to sales tax and the rates are identical. It is based on your cost of taxable purchases. Common examples of when you owe use tax are when you:

- Buy items on the internet, by phone, or from any business for use in Worthington and the seller doesn't charge the local tax.
- Buy items for resale at your business in Worthington and then remove some of the items from inventory for business or personal use.

### Calculating the tax

To calculate the tax:

1. Add the 6.875 percent state sales tax rate and the 0.5 percent Worthington tax rate.
2. Apply the combined 7.375 percent rate, plus any other local taxes that apply, to the sales price. For more information, see Fact Sheet 164S, *Special Local Taxes*.
3. Round the total to the nearest full cent.

You can download a 7.375 percent rate chart from our website or call us to request a paper rate chart.

### When to charge the tax

Charge the Worthington sales tax when customers buy taxable items or services in the City, unless they give you a valid exemption certificate.

The tax applies to purchases for business or personal use, even if the customer is from elsewhere or takes the items out of Worthington.

- Lease payments for tangible personal property and motor vehicles that include periods before January 1, 2020. (The tax does apply to payments for periods that begin on or after that date.)
