## 2020 Filing Season

Now that the 2020 legislative session has concluded, the Minnesota Department of Revenue has begun our process to update the state tax filing systems for taxpayer use in 2021. This process happens annually, starting after the end of the legislative session.

As we do this work, you can expect that we will be looking for opportunities to work together with you to ensure everyone has the information, education, and services taxpayers need to meet their obligations under Minnesota law.
