2020 Insurance Premium Tax Return for Life and Health Companies

For insurance tax laws, see Minnesota Statutes, Chapter 297I at www.leg.state.mn.us.

GFA Assessment

If you were assessed and made a payment to The Guaranty Fund Assessment (GFA) in 2016, and/or 2018, you may be able to claim a credit on line 37. See line 37 instructions.

Before You File

You Need a Minnesota Tax ID

Your Minnesota tax ID is the seven-digit number you're assigned when you register with the Department of Revenue. You must include your Minnesota tax ID on your return so that your filing and any payments you make are properly credited to your account.

If you do not have a Minnesota tax ID, apply online at www.revenue.state.mn.us or call 651-282-5225 or 1-800-657-3605.

It is also important to enter your federal ID number and NAIC number on your return, but not in place of your Minnesota tax ID number.

Filing Requirements

All life and health insurance companies licensed in Minnesota during the tax year must file a premium tax return even if they have not transacted insurance business in Minnesota during the tax year. Unlicensed Insurance companies collecting premiums on Minnesota risks must also file a premium tax return. Insurers with a premium tax liability of more than \$500 must also make estimated tax payments. (*M.S. 297I.05, subd. 14*)

Insurance companies are exempt from Minnesota corporation franchise tax. (*M.S. 290.05, subd. 1c*)

Annual Financial Statements. Insurance companies that do not file statements with the NAIC are required to file a copy of their statement with the Department of Revenue

(9" x 14" version). If any premiums or deductions reported on Form M11L cannot be verified from the annual statement, you must attach documentation to your tax return substantiating the amounts.

File Electronically

The premium tax return (Form M11L) may be filed electronically using TriTech Software.

Which Form to File

Life and health insurance companies use Form M11L to file premium taxes.

Property, casualty and title insurance companies use Form M11 to file premium taxes.

Due Date

File your Form M11L with all required attachments and pay any tax due by March 1. Payment extensions are not allowed.

The U.S. postmark date, or date recorded or marked by a designated delivery service, is considered the filing date (private postage meter marks are not valid). When the due date falls on a Saturday, Sunday or legal holiday, returns and payments electronically made or postmarked the next business day are considered timely. When a return or payment is late, the date it is received at the Department of Revenue is treated as the date filed or paid.

Extension for Filing Return. If good cause exists, you may request a filing extension.

Payments

Electronic Payments

If your total insurance taxes and surcharges due for the last 12-month period ending June 30 is \$10,000 or more, you are required to pay your tax electronically in all subsequent years.

You must also pay electronically if you're required to pay *any* Minnesota business tax electronically, such as withholding tax.

To pay electronically, go to the department's website at www.revenue.state.mn.us and log in to e-Services. If you don't have Internet access, call 1-800-570-3329 to pay by phone. You'll need your user name, password and bank routing and account numbers. When paying electronically, you must use an account not associated with any foreign banks.

If you use other electronic payment methods, such as ACH credit method or Fed Wire, instructions are available on our website or by calling Business Registration Office at 651-282-5225 or 1-800-657-3605.

Estimated Tax Payments

If your total annual tax liability is more than \$500, you must make estimated payments. To avoid an additional charge for underpaying the tax, your payments must be made on time and be at least one-fourth of the prior year's total annual tax liability, or one-fourth of 80% of the current year's total annual tax liability.

2020 Form M11L Instructions (Continued)

Estimated payments are due quarterly on March 15, June 15, Sept. 15 and Dec. 15. When the due date falls on a weekend or legal holiday, payments made electronically or postmarked on the next business day are considered timely.

If you're not required to pay electronically and are paying by check, visit our website at www.revenue.state.mn.us and click on "Make a Payment" and then "By check" to create a voucher. Print and mail the voucher with a check made payable to Minnesota Revenue.

When you pay by check, your check authorizes us to make a one-time electronic fund transfer from your account, and you may not receive your cancelled check.

If you make your payments electronically, do not send in the vouchers.

If you do not pay the correct amount of estimated tax by the due dates and your tax liability is more than \$500, you may have to pay an additional charge for underpaying. Complete the worksheet on page 3. Overpayments from prior years or prior estimated overpayments should be applied before underpayment charges are figured.

Return Payment

If there is an amount due on Form M11L, either pay it electronically or by check.

If you're not required to pay electronically and are paying by check, visit our website at www.revenue.state.mn.us and click on "Make a Payment" and then "By check" to create a voucher. Print and mail the voucher with a check made payable to Minnesota Revenue.

When you pay by check, your check authorizes us to make a one-time electronic fund transfer from your account, and you may not receive your cancelled check.

Note: If no amount is due or if you pay electronically, do not send in a voucher.

Completing Form M11L

Check Boxes

At the top of the form, check if the return is:

- an **Amended Return**: Check only if you are amending a previously filed return for the same period. Include all original and corrected premiums on the amended return.

Columns A and B

All domestic, foreign and alien insurers must complete Column B (Minnesota basis).

Foreign and alien insurers (*except Arizona, Hawaii, Massachusetts New York, and Rhode Island domiciled companies*) must also complete Column A (for purposes of applying Minnesota retaliatory laws) and Schedule M11B.

Note: All premiums, deductions and resulting taxes listed in Column A must be in accordance with the laws of the state or country of incorporation as they would apply to a Minnesota insurer licensed and doing business in that state or country. If the taxing authority of the state or country of incorporation requires a supplemental schedule to support tax computations, the same type of schedule (applying to business in Minnesota) must be attached to Minnesota Form M11L.

In Column B (Minnesota basis), include direct premiums; stop-loss premiums; assessments; deposits; policy, membership and survey fees; and dues, dividends and interest applied to reduce current premiums, pay renewal premiums, shorten the premium paying period or provide extended and paid-up additional insurance.

Exclude employer contributions credited for the insurer's employees' and agents' life, accident and health insurance plans; and all return premiums on policies not taken, except cash surrender values paid upon the cancellation and surrender of policies or certificates of life insurance. If these premiums were included on line 8, you may deduct them on line 15; if they were included on line 18, you may deduct them on line 19.

Line instructions

Round amounts to the nearest dollar. Decrease any amount less than 50 cents and increase any amount that is 50 cents or more to the next higher dollar.

If the reported premiums are different from the premiums on the state page or Schedule T, attach a schedule reconciling the difference.

Lines 5 and 6

Dividends

Enter the dividends to be included in the gross taxable business. If dividends listed differ from your annual statement, attach a statement explaining the differences.

Line 7

Other Additions

Attach a separate schedule itemizing the additions and amounts included on this line.

2020 Form M11L Instructions (Continued)

Lines 10 through 15**Dividends**

Enter dividends only if returned to the insured person or entity paying the premium.

Lines 25 and 28**Premium Tax Percentage Rate**

If premiums are taxed at more than one rate, enclose a schedule showing rates and premiums. Life insurance premiums are taxed at 1.5% and accident and health premiums are taxed at 2%.

Line 37**Guaranty Fund Assessment**

Twenty percent of assessments (less any refunds) made and paid to the Minnesota Life and Health Guaranty Association or the Minnesota Insurance Guaranty Association are allowable offsets against the tax liability for the five years following the payment of the assessment. Contact our office if you have questions about carrying forward credits.

If assessments are more than your tax liability (positive amount on line 36), use only the amount necessary to reduce your tax liability to zero; the remaining amount may be deducted in future tax years.

If you receive a refund for an assessment from the association, the refund must be subtracted from the paid assessment amount. If a refund is more than the assessment, the excess must be paid to Minnesota.

Line 38**Tax Before Refundable Credits**

The amount on line 38 can only be negative due to return premiums. It cannot be negative due to guaranty fund association offsets (*see instructions for line 37*).

Line 39**Historic Structure Rehabilitation Credit**

To qualify for this credit, you must be eligible for the federal Historic Rehabilitation Credit for improving a certified historic structure located in Minnesota and have your application approved by the State Historic Preservation Office (SHPO) of the Minnesota Historical Society. For details, go to www.mnhs.org/shpo.

Enter the five-digit NPS project number from the credit certificate you received from SHPO and the amount of your credit on line 39.

- If your credit application was submitted to SHPO on or before December 31, 2017, report the credit amount shown on your credit certificate.
- If your credit application was submitted to SHPO after December 31, 2017, report one-fifth of the credit amount shown on your credit certificate.

Include the credit certificate when you file your return.

Lines 41a Through 41e**Estimated Tax Payments**

If any line contains more than one payment, you must attach a schedule.

If payments are included from a merged company, attach a schedule listing the merged company name, NAIC number, payment amounts and payment dates.

Line 43a**Additional Charge for Underpaying Estimated Tax**

If you did not pay the correct amount of estimated tax by the due dates and your tax liability on line 40 is more than \$500, you may have to pay an additional charge for underpaying. Complete the worksheet on page 5 to determine the amount to enter on line 43a.

Line 43b**Penalty**

Late Payment. If you file on time but do not pay all the tax due by the due date, a late payment penalty is due. The penalty is 5% of the unpaid tax for any part of the first 30 days the payment is late, and 5% for each additional 30-day period, up to a maximum of 15%.

Late Filing. Add a late filing penalty to the late payment penalty if your return is not filed by the due date. The penalty is 5% of the unpaid tax. When added to the late payment penalty, the maximum combined penalty is 20%.

Payment Method. If you are required to pay electronically and do not, an additional 5% penalty applies to payments not made electronically, even if a paper check is sent on time.

2020 Form M11L Instructions (Continued)

Line 43c

Interest. You must pay interest on the unpaid tax plus penalty from the due date until the total is paid. The interest rate for calendar year 2021 is 5%. The rate may change for future years.

To figure how much interest you owe, use the following formula with the appropriate interest rate:

$$\text{Interest} = (\text{tax} + \text{penalty}) \times \# \text{ of days late} \times \text{interest rate} \div 365$$

Worksheet Instructions

Step 5

Payments of estimated tax are applied against any underpayments of required estimated payments in the order that the estimated payments were due.

For example, if your first estimated payment is underpaid by \$100 and you deposit \$200 for your second estimated payment, \$100 of your second payment is applied to the first estimated payment. The additional charge for the first estimated payment is computed from the first estimated payment's due date to the date the second payment is made.

Also, the second estimated payment will then be underpaid by \$100 (assuming that the second payment is \$200) until sufficient repayments are received to eliminate the underpayment.

If more than one payment has been made for a required estimated payment, attach a separate computation for each payment.

If there are payments included from a merged company, attach a schedule listing the merged company name, NAIC number, payment amounts and payment dates.

Credit the excess of any overpayment for a period on step 5 of the next payment period.

Step 10

If there is no underpayment on step 7, enter "none" on step 10 for that period.
