Nonconformity Adjustment Instructions

For taxpayers who are affected by federal tax law passed after December 31, 2018.

Purpose of This Schedule

Minnesota defines net income as federal taxable income (FTI) as defined by the Internal Revenue Code, as amended through December 31, 2018 (referred to as “2018 IRC”). Since that date, Congress has enacted the following:

- Taxpayer Certainty and Disaster Tax Relief (TCDTR) Act of 2019
- Families First Coronavirus Response Act (FFCRA) of 2020
- Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020
- Paycheck Protection Program Flexibility Act (PPPPA) of 2020
- Public Law 116-147 (S.4116) of 2020

These acts contain changes affecting FTI for tax year 2020. Because Minnesota has not adopted these federal changes, adjustments are required to correctly determine your Minnesota taxable income.

Who Must File Schedule M2SBNC

You must adjust FTI on your 2020 Minnesota return if any of the following federal provisions affect the amount of taxable income reported on your 2020 federal Form 1041, U.S. Income Tax Return for Estates and Trusts.

Use the Schedule M2SBNC and these instructions to complete your Minnesota return. The adjustment for each line should reflect the change to FTI due to the difference between the item calculated on your 2020 federal return and the item calculated under the 2018 IRC. Each line will also include the net adjustments received from Schedule(s) KSNC for your pro rata share or interest in the S corporation.

If the change results in a reduction of your FTI, enter the adjustment as a negative number. If the change results in an increase of your FTI, enter the adjustment as a positive number. For purposes of calculating the adjustment, any regulation, ruling, or other guidance issued by the Internal Revenue Service under the 2018 IRC applies.

Save your entire 2020 Minnesota Form M2SB, Schedule M2SBNC, and all worksheets you use in determining the adjustments.

Line Instructions

Line 1 — Paycheck Protection Program (CARES Act Section 1106)

If you claimed Paycheck Protection Program loan forgiveness on your federal return, take the amount that was excluded from gross income for federal purposes and subtract the amount that would have been deductible as a business expense if you had not claimed the loan forgiveness treatment. Include the amount as a positive number.

Incorporate the modifications included in the PPPFA and S.4116 in the above described adjustments made as a result of Section 1106 of the CARES Act.

Line 2 — Exclusion for Employer Payments of Student Loans (CARES Act Section 2206)

If you were not allowed to deduct business expenses as a result of this provision on your federal return, include the amount of the disallowed employee student loan payments as a negative number.

Line 3 — Refundable Credit Equal to 50% COVID Wages (CARES Act Section 2301)

If you were not allowed to deduct wages due to claiming the refundable payroll tax credit on your federal return, include the amount of the disallowed wages as a negative number.

Line 4 — Retroactive NOL Carrybacks and Suspension of 80% Limit (CARES Act Section 2303)

If you carried back NOLs and/or fully offset your income using the NOLs, determine the difference to what was allowed prior to the CARES Act. Include the result as a positive number.

Line 5 — Modification of Excess Loss Limitation (CARES Act Section 2304)

Calculate the amount of losses taken on your federal return that exceeds \$255,000. Include the result as a positive number.

Line 6 — Modification of Business Interest Limitation (CARES Act Section 2306)

If your business interest expense deduction exceeds the sum of 30% of your adjusted taxable income, your business interest income, and your floor plan financing interest, determine the difference between your federal deduction and the deduction allowable using 30% of your adjusted taxable income. Include the result as a positive number.

Line 7 — Qualified Improvement Property Technical Fix (CARES Act Section 2307)

If you claimed federal bonus depreciation on qualified leasehold improvement property, qualified restaurant property, or qualified retail improvement property, determine the difference between the federal bonus depreciation you claimed on this property, and the cost recovery deduction or expensing method you would have been able to claim prior to the CARES Act, which may include a Minnesota modification for section 179 expensing. Include the result as a positive number.

If you claimed bonus depreciation on this property on your 2019 return and made a nonconformity adjustment on your 2019 return to addback the amount not allowed for Minnesota purposes, you may calculate the depreciation you would have been able to claim prior to the CARES Act for 2020. Include this amount as a negative number.

If your recovery period reported on your federal return is less than the recalculated amount, include the difference as a negative number.
