## What's New

### Lower Refund Rate in 2023

The Pharmacy Refund rate will be 1.6% starting with refund claims for the 2023 tax year.

The refund rate changed due to the balance in Minnesota's Health Care Access Fund. Revenue from MinnesotaCare taxes is deposited into the fund. If certain conditions are met during the fund's annual review, the tax rate for the MinnesotaCare taxes must be reduced for the following year. The Pharmacy Refund rate is also reduced for the following year. For more information, refer to Minnesota Statute 295.52, subdivision 8.

## Important Reminders

### 2021 Pharmacy Refund Deadline

The final deadline to claim a 2021 Pharmacy Refund is March 15, 2023. We will not allow refund claims filed after this date.

### 2022 Refund Rate and Interest Rate

The refund rate is 1.8% for 2022. The interest rate is 3% for 2022.

# General Information

---

## Who is Eligible

Minnesota pharmacies that purchase qualifying legend drugs can claim the MinnesotaCare Pharmacy Refund if they later deliver or ship the drugs to locations outside of Minnesota.

The refund rate is 1.8%.

## Qualifying Legend Drugs

Minnesota pharmacies can only claim a Pharmacy Refund on qualifying legend drugs. Qualifying legend drugs are legend drugs purchased from a wholesale drug distributor subject to MinnesotaCare Wholesale Drug Distributor Tax.

To determine if a wholesale drug distributor is subject to tax, check your purchase invoice for a MinnesotaCare tax expense charge or contact the wholesaler for verification.

## Definition of Legend Drugs

Legend drugs are drugs or gases required by federal law to be sold or dispensed in a container labeled with one of these statements:

- “Caution: Federal law prohibits dispensing without prescription”
- “Rx only”

Legend drugs or gases must be classified by the U.S. Food and Drug Administration (FDA) as a drug and not a device.

Nutritional products, blood, and blood components are not legend drugs and cannot be used to claim the refund.

Blood derivatives, however, that are derived from blood, plasma, or serum through a chemical manufacturing process, are legend drugs and may be used to claim the refund.

## Filing Due Date

Your Pharmacy Refund Return is due annually by March 15 for drugs delivered or shipped outside of Minnesota during the previous calendar year.

The 2022 Pharmacy Refund Return is due March 15, 2023.

The final deadline to claim the 2022 refund is March 15, 2024. We will not allow refund claims that are filed more than one year after the original due date of the return.

## Reporting Business Changes

Be sure to update your business information if any of these apply:

- You changed the name, address, owner/officers, or ownership of your business
- You changed contact information (such as email address, phone number, or contact person)
- You need to add or close a tax account
- You closed your business

To update your business information, go to our website and log in to e-Services. For more information, refer to *Manage Your Profile in e-Services* on Page 4.

## Recordkeeping

Keep all internal accounting records and external third-party documentation that support the amounts reported on your Pharmacy Refund Return.

This includes any paper records and any records you receive or store electronically. Some examples of paper and electronic records include:

- Legend drug purchase invoices
- Records verifying drugs delivered or shipped outside of Minnesota
- Records verifying any drugs returned to you after they were delivered or shipped outside of Minnesota
- Audited and compiled financial statements
- All other summary and detail reports, schedules, ledgers, and journals
- Computer system or software back-ups

If you are audited, you will need to provide four to six years of records. All documentation must be made available for the department to review. Refunds may be denied if your documentation is incomplete.

## Statute of Limitations

The department may audit your return within 3½ years from the original due date of the return or the date you filed the return, whichever is later. There is no time limit if we find you have fraudulently claimed a refund or reported false information.
