Analysis of H.F. 2435 (Hemmingsen-Jaeger) / S.F. 2511 (Mitchell)

The bill authorizes the city of Woodbury to impose a sales and use tax of 0.5%, if approved by the voters at a general election. The proceeds would be used to finance \$50 million for construction of a new public safety campus.

The bill authorizes a bond issuance of up to \$50 million plus bond costs. The tax would terminate at the earlier of 20 years after the tax is first imposed or when the city council determines that sufficient funds have been received to pay for the costs of the project and bonds. The tax may expire earlier if the city so determines by ordinance.

The bill would have no impact on state taxes.
