## Filing Requirements

Corporations are required to file Form M4R, *Minnesota Business Activity Report*, with the Minnesota Department of Revenue if they obtain any business from within Minnesota during the calendar or fiscal accounting year. If you are registered with the Minnesota Secretary of State's Office to do business in this state, you are not required to file Form M4R. See the "Exemptions" and "Exempt activities" sections below for additional exceptions to this requirement.

Business obtained from within Minnesota includes:

- sales of products or services to Minnesota customers who receive the product or service in Minnesota
- sales of services that are performed outside Minnesota, the benefits of which are consumed in Minnesota
- transactions with Minnesota customers that involve intangible property and result in income flowing to the corporation from within Minnesota
- leases of tangible personal property located in Minnesota;
- sales and leases of Minnesota real estate
- deposits made to financial institutions by Minnesota customers

**Exemptions.** You do not have to file Form M4R if:

- you have received a certificate of authority to do business in Minnesota from the Secretary of State by the end of the accounting period for which you would have had to file the report
- your corporation is an insurance company other than a disqualified captive insurance company
- you are exempt from taxation under Subchapter F of the Internal Revenue Code
- your corporation is a mining business and subject to Minnesota's occupation tax
- you have filed a timely tax return

**Exempt activities.** You are not required to file this report if your activities in Minnesota relate solely to your ownership of an interest in the following:

- real estate mortgage investment conduits
- real estate investment trusts
- regulated investment companies
- securitized loans
- secondary loan market assets
- property acquired in satisfaction of a default on a secondary loan market asset, provided the property is disposed of in a reasonable time

Exempt activities related to the above types of property include contacts with Minnesota reasonably required to:

- evaluate and complete the acquisition or disposition of the property
- service the property or collect income from the property
- acquire or liquidate collateral relating to the property

Secondary loan market assets consist of interest in the following assets in which the obligations are solicited and entered into by persons independent of and not acting on behalf of your corporation:

- lease financing receivables
- loans secured by real or tangible personal property
- commercial or consumer loans and installment obligations
- credit card or merchant discount receivables
- securities or money market instruments

The exemption for secondary loan market assets does not apply to a member of a unitary business that acquires the asset from another member of the unitary business.

## Due Date

You must file Form M4R each year by the 15th day of the fourth month after the close of your calendar or fiscal accounting year.

## Penalties

If you do not file Form M4R, you will lose your right under Minnesota law to file a lawsuit, except for lawsuits related to your Minnesota tax liability.

You will not be able to use the courts (except for activities or property described under "Exempt activities") to enforce contracts or to settle lawsuits that arise before the end of the last accounting period for which you fail to file a timely report.

You will be allowed to continue any lawsuits if you pay all taxes, interest and civil penalties due, or if you provide for them by posting a security bond with the Department of Revenue.

The Department of Revenue may disclose to litigants if a Business Activities Report has been filed by a party to a lawsuit.
