Estate Tax Exclusion and Filing Requirement

For 2024 decedents, the exclusion amount and tax filing threshold is \$3,000,000. The exclusion amount is subtracted on Form M706, Line 6a.

For 2024 decedents, the maximum qualified small business property and farm property deduction amount is \$2,000,000. The combined exclusion amount, and deduction for qualified small business property and farm property remains \$5,000,000.

Filing Requirements

If the decedent was a resident of Minnesota at the time of death, the estate is required to file Form M706 if the federal gross estate plus federal adjusted taxable gifts made within three years of the decedent's death exceeds \$3,000,000 on the date of death or if the estate is required to file a federal estate tax return.

If the decedent was a nonresident of Minnesota, the estate is required to file Form M706 if property with situs in Minnesota is included in the federal gross estate and the federal gross estate plus federal adjusted taxable gifts made within three years of the decedent's death exceeds \$3,000,000 on the date of death or if the estate is required to file a federal estate tax return.

The federal gross estate is determined by completing the federal Form 706 (see page 5). The federal adjusted taxable gifts are defined in section 2001(b) of the Internal Revenue Code. (*M.S. 289A.10, subd. 1*)

Who Must File?

If the decedent's estate is being probated, the Probate Court or Probate Registrar will appoint someone as personal representative — also called executor or administrator — of the decedent's estate. That person is then responsible for filing Form M706 for the estate.

In some cases, the Probate Court or Probate Registrar will appoint more than one person as executor. In such cases, all persons appointed as executors are jointly responsible for filing the return.

If the estate is not being probated, all persons who will receive assets included in the decedent's federal gross estate (line 1 of federal Form 706) are responsible for filing the Minnesota return. If more than one person will receive the assets, all persons receiving the assets should choose a mutually agreeable person among them to file the estate tax returns. If one person cannot be agreed on, each person must file a Minnesota return for the decedent's estate. Each person must include on the return not only the assets he or she is receiving, but also all of the decedent's assets being received by other persons and the names of the other persons. (*M.S. 289A.10 and M.S. 291.12*)

Who Must Pay?

The executor is responsible for paying the Minnesota estate tax.

However, if the assets were distributed without reserving enough to pay the various taxes, the executor and beneficiaries are personally responsible for payment to the extent of the value of assets received respectively. (*M.S. 270C.585 and M.S. 291.12*)

Deadline for Filing

The regular due date for filing Form M706 is nine months after the date of death. (*M.S. 289A.18, subd. 3*)

Filing extensions. The automatic extended due date for filing Form M706 is 6 months after the regular due date or the amount of time granted by the Internal Revenue Service (IRS) to file the federal estate tax return, whichever is longer. (*M.S. 289A.19, subd. 4*)

Any tax not paid by the regular due date is subject to penalties and interest (see *Penalties* on page 3).

Deadline for Paying

The Minnesota estate tax must be paid no later than nine months after the date of death of the decedent. (*M.S. 289A.20, subd. 3*)

General Information (continued)

Making a Payment

Pay Electronically

Go to our website at www.revenue.state.mn.us and select **Make a Payment**. There is no need to register. Enter the decedent’s Social Security number and follow the prompts for individuals to make an estate tax payment. You’ll need the decedent’s last name, date of birth, date of death and your bank routing and account numbers. When paying electronically, you must use an account not associated with any foreign banks.

To be timely, you must complete your transaction and receive a confirmation number on or before the due date for that payment.

Pay by Check

- Go to our website at www.revenue.state.mn.us to create and print a payment voucher
- Write your check to Minnesota Revenue and mail together to the address on the voucher

Your check authorizes us to make a one-time electronic fund transfer from your account. You may not receive your cancelled check.

If good cause exists, the department may extend the time for payment for a period of not more than six months. To request a payment extension, submit your request in writing to the department prior to the regular due date. (*M.S. 289A.30, subd. 2*)

It may also be possible to pay the tax in installments if the estate meets the requirements explained in *Paying Tax in Installments*.

Paying Tax in Installments

If the Minnesota estate tax is \$5,000 or more and the IRS, under IRC sections 6161 or 6166, has granted the estate an extension of time to pay the federal estate tax, the estate may pay the Minnesota estate tax in installments if the requirements explained below are met.

To be allowed to pay the Minnesota estate tax in installments, the executor must notify the commissioner in writing no later than nine months after the date of death of the decedent. The letter must indicate that the estate will pay the Minnesota estate tax in installments and the dates the payments will be made. The dates must be the same as the dates on which the federal estate tax installments will be made.

The installments — not including interest owed — must be made in equal amounts.

Even if you pay the tax in installments, you must pay interest on any tax that remains unpaid after nine months from the date of death of the decedent. The rate of interest on each installment will be the interest rate in effect during that annual period. (*M.S. 289A.55, subd. 7*)

The amount of interest to include with each installment must be figured separately. Follow the steps below to determine the interest to include with each installment:

1 Determine the number of days from the last payment due date (return or installment) to date of payment or Dec. 31, whichever is earlier	_____
2 Divide step 1 by 365, and round the result to five decimal places.	_____
3 Multiply step 2 by the interest rate in effect for that year (see <i>Interest</i> on page 3)	_____
4 Multiply step 3 by the tax still due	_____
• If the due date is in the same year that you’re making your payment, STOP HERE . The result in step 4 is the interest you must include with your installment.	
• If your payment was due in one year and you’re making the installment in the next calendar year, continue with step 5.	
5 Determine the number of days from Jan. 1 to date of payment	_____
6 Divide step 5 by 365, and round the result to five decimal places.	_____
7 Multiply step 6 by the interest rate in effect for that year (see <i>Interest</i> on page 3)	_____
8 Multiply step 7 by the tax still due	_____
9 Add step 4 and step 8. This is the interest to include with your installment.	_____

If you missed the installment date for what you believe is a reasonable cause, you may request to continue making installment payments by explaining why the payment was late. Send the request to your collections officer or estate tax auditor contact. You will be notified in writing whether you may continue paying in installments.

General Information (continued)

Penalties

Late payment. A late payment penalty will be assessed on any tax not paid by the regular payment due date — nine months after the decedent's date of death. The penalty is 6 percent of the unpaid tax.

If you file your Minnesota estate tax return after the regular filing due date — nine months after the decedent's date of death — and you don't pay the tax as reported on your return at the time you file, an additional 5 percent late payment penalty will be assessed on the unpaid tax.

To avoid a late payment penalty, you must pay at least 90 percent of the total Minnesota estate tax by the regular due date and file Form M706 and pay the remaining tax due no later than 15 months after the decedent's death. Make your extension payment electronically or mail your check with a completed payment voucher (see *Payment Options* on page 2). If you made an extension payment, include the amount you paid on line 14 of Form M706. (*M.S. 289A.60, subd. 1*)

Federal extension for paying tax. If you received an extension to pay federal estate tax or you have elected under IRC section 6166 to pay federal tax in installments, you will not be assessed a late payment penalty on any Minnesota estate tax not paid by the regular due date.

Attach to your Minnesota M706 return a copy of the federal approval for extending payment of tax. (*M.S. 289A.30, subd. 2*)

Late filing. If you file the return after the extended filing due date, a late filing penalty will be assessed on the unpaid tax. The penalty is 5 percent of the unpaid tax. (*M.S. 289A.60, subd. 2*)

Failing to file with intent to evade tax or filing a false or fraudulent return. A penalty of 50 percent of the tax due is added to the tax if you fail to file or file a false or fraudulent return with intent to evade payment of the Minnesota estate tax. This penalty is in addition to any other penalties that may apply. (*M.S. 289A.60, subd. 6*)

Failure to file an informational return. If the executor fails to file an informational return by the due dates, a penalty will be assessed on the executor and heirs. The penalty may be increased under certain circumstances. (*M.S. 289A.60, subd. 8*)

Criminal penalties. If you willfully fail to file a return in order to evade paying the tax, you could be charged with a gross misdemeanor. If you file a fraudulent return in order to evade paying all or part of the tax, you could be charged with a felony. (*M.S. 289A.63*)

Abatement of Penalties

If circumstances beyond your control prevented you from filing or paying your taxes on time, you may request an abatement of penalties. To request an abatement, follow the instructions in the order that notified you a penalty has been assessed. Explain the specific events or circumstances that prevented you from filing and/or paying on time. Your abatement request must be made within 60 days after the date you were notified that a penalty has been imposed. (*M.S. 270C.34*)

If the estate needs more time to meet the regular filing due date, the department will abate the penalties for late filing and late payment if the estate meets all of the following requirements:

- Pay a reasonable estimate of the Minnesota estate tax due by the payment due date. (A payment of at least 90 percent of the amount of Minnesota estate tax due as shown on the return is presumed to be a "reasonable estimate.") Make the extension payment electronically or mail your check with a completed payment voucher (see *Making a Payment* on page 2).
- File Form M706 and pay the remaining tax within 15 months of the decedent's date of death.

Interest

Interest is calculated as simple interest and accrues on unpaid tax and penalties beginning nine months from the decedent's date of death. Interest will be charged even if the deadline for filing the return has been extended or the tax is being paid under an installment plan. The rate of interest may change from year to year. (*M.S. 270C.40*)

The interest rate is 8 percent for 2024 and 8 percent for 2025.

Use of Information

Information requested for filing estate tax is required under state law (*M.S. 289A.10, subd. 2*).

All information you enter on the return is private under state law. It cannot be given to others without your consent except to the IRS, other Minnesota state agencies and other state governments that are authorized by law to receive the information and must treat the information as private.

The decedent's Social Security number is required by M.S. 270C.306. Although your — the executor's — Social Security number is requested on Form M706, you are not required to provide it. We ask for your Social Security number so the department can correctly identify you, because you are responsible for paying the estate tax if the tax is not paid from the estate's assets.

General Information (continued)

Assembling Required Information

You must attach the following to Form M706 (documents may be double-sided):

- a completed copy of federal Form 706, including all federal schedules (A through U) that list an amount
- copies of the wills, property appraisals or sales documents, trust agreements, disclaimers, financial documents, etc., that verify balances and/or stock or bond prices
- a copy of the death certificate
- a completed copy of the Minnesota Form M706Q if the qualified small business or farm property deduction is being elected
- a completed copy of any federal Forms 709 filed by the decedent covering the three years prior to the decedent's date of death.

Other items you must attach to the return include:

- an itemized list of the gross values of the decedent's real and tangible personal property located outside Minnesota (if a resident estate) or in Minnesota (if a nonresident estate). Also, include a list of the schedule and item number where each property is listed in the decedent's federal return.
- a completed payment voucher, if you're paying the tax due by check with the Form M706.

Preferred method. To attach, be sure to use binder clips, 3-ring binders or 2-prong fasteners. **Do not** use bindings, staples or colored paper as separators.

Alternative method. Save all forms, documents and attachments using the PDF format, and store on a CD. Label the CD with the decedent's name (last, first, middle initial), date of death and Social Security number (last four digits). Submit the CD along with a printed copy of Form M706, the first three pages of federal Form 706, the death certificate and an index page listing the documents.

Where to file. Use one of the mailing labels provided on page 7 to mail your Form M706 and all required attachments to the department. If you choose not to use the label, mail your forms to: Minnesota Estate Tax, Mail Station 1315, St. Paul, MN 55146-1315.

Reporting Federal Changes

If the IRS changes or audits the estate's federal tax or you amend the federal return, you must file an amended Minnesota estate tax return with the department. The amended Minnesota estate tax return is due no later than 180 days after you are notified of the federal changes or the date you filed the amended federal return.

You must file an amended Minnesota estate tax return even if the changes do not require you to amend the federal return. Complete a new Form M706 with the appropriate amended information, and check the box at the top of the form to indicate that it is an amended return. You must attach to your Form M706, a complete copy of the estate's amended federal return or the correction notice you received from the IRS.

If you received a closing letter, submit a copy to the department so the estate's file can be closed. (*M.S. 289A.38, subd. 7*)

If you fail to report the federal changes within 180 days as required, a 10 percent penalty will be assessed on any additional tax. (*M.S. 289A.60, subd. 24*)

Refund of Minnesota Tax

If you overpaid tax or the circumstances of the estate have changed since the Minnesota estate tax return was filed and you believe all or a portion of the tax already paid should be refunded, complete a new Form M706 and check the box to show it is an amended return. Enter on line 14 any tax, penalty and interest you've already paid. On line 19 enter the refund amount. (*M.S. 289A.50, subd. 1*)

Claims for refund must be filed within 3½ years from the due date for filing the return, plus any extension of time granted for filing the return but only if filed within the extended time. (*M.S. 289A.40, subd. 1*)

The estate will be paid interest on the amount refunded. (*M.S. 289A.56, subd. 3*)

Income Tax Return for Estates

If the estate's assets generate \$600 or more of Minnesota gross income, you must file Form M2, *Income Tax Return for Estates and Trusts*, with the department.

Form M2 corresponds to the federal Form 1041, *United States Income Tax Return for Estates and Trusts*, and is due April 15 or the 15th day of the fourth month following the end of the tax year.

Form M706 Line Instructions

You Must First Complete Federal Form 706

If you are not required to file a federal estate tax return, you must obtain and complete a federal Form 706 and instructions to correctly determine your Minnesota estate tax. Attach a copy of this completed federal return and all supporting schedules when you file Form M706.

Qualified Terminable Interest Property (QTIP). Minnesota recognizes a federal QTIP election only if it was made on a federally filed Form 706. Minnesota allows a Minnesota-only QTIP election for qualifying property. To claim this election, complete Worksheet A on page 3 of Form M706 and enter the result on line 7 of the form. **NOTE: The Minnesota-only QTIP election does not include amounts deducted pursuant to a federal QTIP election.**

Valuation. If the estate does not have a federal filing requirement, the estate must use the date of death values of assets since alternative value (value of asset six months from date of death) is not available. The alternative value cannot be elected federally since there will not be a federal tax using date of death value. Minnesota only allows alternative valuation if it is elected federally.

Elections. Elections provided by the Internal Revenue Code are only available for Minnesota purposes if the estate files a federal estate tax return and makes the election at the federal level. These elections include the special land use valuation election (IRC section 2032A) and qualified domestic trust election (IRC section 2056A). A copy of the IRS closing letter must be provided for all estates that claim a federal election before a Minnesota closing letter will be issued.

Deductions. Deductions for administrative expenses can only be claimed on the Minnesota estate tax return if the expenses are not claimed as a deduction on any of the estate's federal fiduciary income tax returns. (*M.S. 291.03*)

Qualified Small Business and Farm Property Deduction

If the estate is electing to claim the qualified small business and farm property deduction, complete and attach Schedule M706Q, and check the box above line 1. (*M.S. 291.005, subd. 1 and 291.03, subd. 1*)

Executors

Enter the name, address and Social Security number of the appointed executor in the designated area on Form M706.

If more than one executor was appointed by the Probate Court or Probate Registrar, attach a separate sheet of paper listing all of the other appointed executors' names, addresses and Social Security numbers.

All appointed executors must sign the completed Form M706.

Line Instructions

Line 1

Enter the value from the federal Form 706 line(3)(a).

If the federal taxable estate includes a covered retirement plan (PERA) exempt from state estate tax under M.S. 356.401, exclude the value of the covered retirement plan from line 1 and include an attachment identifying the federal schedule and item numbers of any qualifying plans.

Line 2b — Federal Taxable Gifts Made Within Three Years of Death

Enter on this line only those Federal taxable gifts reported on the Federal 706 Line 4 that were made within three years of death.

Line 3 — Deduction for Death Taxes Paid to a Foreign Country

Enter on this line any deduction claimed on the Federal schedules J-L for foreign death taxes paid.

Line 4 — Minnesota-only QTIP Property Previously Allowed

Enter on this line Minnesota-only QTIP property deducted on a previous spouse's Minnesota estate tax return. QTIP property must be included in the gross estate and taxed on the return of the second spouse to die. Attach an itemized list of the Minnesota-only QTIP property previously allowed. **NOTE:** Do not add amounts for property that is already counted in federal gross estate. (*M.S. 291.03, subd. 1d*)

From this line, include on Worksheet B (Form M706, page 3):

- Any Minnesota-Only QTIP property having situs in Minnesota on step 1
- The total value of the Minnesota-Only QTIP property on step 4

Line 6b — Qualified Small Business Property or Qualified Farm Property

From the M706Q, Part 7, line 8, enter the amount the estate is electing to claim for the qualified small business property or qualified farm property deduction. Include a copy of the completed M706Q with the filing of the M706 return. **Note:** This election is irrevocable.

Line 7 — Minnesota-Only QTIP Property

Minnesota allows a Minnesota-only QTIP election for qualifying property. A trust using a Minnesota-only QTIP election must satisfy all the requirements of section 2056(b) of the Internal Revenue Code, but the election need not have been made at the federal level. To claim a Minnesota-only QTIP election, complete Worksheet A on page 3 of Form M706 and enter the result on line 7 of the form.

The Minnesota-only QTIP should not be claimed for property already deducted for the federal QTIP election. Attach a continuation schedule if more than one property is being included under the election. (*M.S. 291.03, subd. 1d*)

Line 10

Use the 2024 Rate Table to determine the amount to enter on line 10.

2024 Rate Table						
If line 9 is:	over	but not over	Enter on line 10 of Form M706:			of the amount over
	0	7,100,000	0	+	13.0%	0
	7,100,000	8,100,000	923,000	+	13.6%	7,100,000

	10,100,000	—	1,355,000	+	16.0%	10,100,000

Line 11

Use Worksheet B on page 3 of Form M706 to determine the amount to enter on line 11.

Worksheet B Instructions

Step 1 – Minnesota Gross Estate. From the federal estate tax return, add the gross value of each item of the decedent's real and tangible personal property located in Minnesota. If the decedent is a resident of Minnesota, include all intangible personal property. Resident estates, provide a schedule of property not included on this line. Nonresident estates, provide a schedule of property included in this line.

A nonresident decedent who owns an interest in a pass-through entity that has real or tangible personal property located or normally kept in Minnesota must include that real or tangible personal property on step 1 of Worksheet B. Pass-through entities include S corporations, partnerships, limited liability companies, and trusts. A pass-through entity excludes securities traded on an exchange regulated by the SEC.

Step 2 – Gifts of Property with Minnesota Situs. From the federal taxable gifts included on line 2b of Form M706, add the gross value of each real or tangible item of personal property located in Minnesota at the time the gift was executed. If the decedent was a resident of Minnesota at the time of the gift, include intangible personal property.

Step 7 – Ratio. When dividing step 3 by step 6, round the result to five decimal places and enter on step 7. Multiply the ratio on step 7 by the amount on line 10 of Form M706. Enter that result on line 11 of Form M706.

Line 12 — Nonresident Decedent Tax Credit

This nonrefundable credit is for nonresident decedents who reported in the gross estate real or tangible personal property owned by the decedent through a pass-through entity.

Determine the amount of Line 12 by entering the lesser of the following:

- The amount of estate or inheritance tax paid to another state attributable to property with Minnesota situs held in the pass-through entity.
- The amount of tax due (before credits) attributable to the property with Minnesota situs held in the pass-through entity.

To determine the amount of tax attributable to property with Minnesota situs held in the pass-through entity, the estate must determine the amount the estate or inheritance tax that was increased as a result of including the market value of the property in the estate or treating the value as a taxable inheritance to the recipient of the property.

The lesser of the two values is \$0 if any of the following is true:

- The decedent was a Minnesota resident.
- The decedent was a nonresident and the estate tax return did not report property with Minnesota situs held in a pass-through entity.
- The decedent was a nonresident and the estate tax return did not pay any estate or inheritance tax to another state attributable to property with Minnesota situs held in a pass-through entity.

Line 14 — Payments Previously Made

If you paid Minnesota estate tax before you filed this return, enter the amount you already paid, including any extension payments.

Line 16 — Penalties

The regular due date for filing and paying the Minnesota estate tax return and paying the total estate tax owed is nine months after the decedent's date of death. If the return is filed after the extended filing due date or the tax is paid after the regular payment due date, the estate is subject to penalties.

Late payment. A penalty is due if you don't pay the total Minnesota estate tax by the regular payment due date. The penalty is 6 percent of the unpaid tax.

If you file your Minnesota estate tax return after the regular filing due date and you don't pay the tax as reported on your return at the time you file, an additional 5 percent late payment penalty is due on the unpaid tax.

Late filing. If you file after the extended filing due date and you owe tax, you must pay an additional penalty for filing late. The late filing penalty is 5 percent of the unpaid tax.

Extended delinquency. An additional penalty is due if the return is not filed within 30 days after the department sends a written demand. The penalty is 5 percent of the tax not paid prior to the demand.
