# Form LB56F Instructions

#### **Definition of Cider**

"Cider" means a product that contains 0.50 % to 7% alcohol by volume and is made from the alcoholic fermentation of the juice of apples. Cider includes, but is not limited to, flavored, sparkling, and carbonated cider.

### **General Instructions**

Every licensed farm winery in Minnesota is required to collect and remit to the Department of Revenue the tax from the sale of wine.

#### **Due Date**

Tax returns and payments must be filed and paid by the 18th day of the month following the month in which the sales were made.

If the due date falls on a weekend or holiday, returns and payments received the next business day are considered timely.

Note: You must file a return even if you do not have a tax liability per Minnesota Statute 297G.09, subd. 1.

### **Penalties and Interest**

A 5% late-payment penalty will be assessed on any unpaid tax for the first 30 days. The penalty increases 5% for each additional 30-day period (or any part thereof) to a maximum of 15%. Returns filed after the due date will be assessed a 5% late-filing penalty on any unpaid tax, or if no tax is due a penalty of \$25 is assessed for each unfiled return. Interest will accrue on any unpaid tax and penalty.

## **Payment Options**

#### **Electronic Payments**

If you paid more than \$10,000 in Minnesota excise taxes during the last fiscal year ending June 30, you are required to make your payments electronically. You must also pay electronically if you're required to pay *any* Minnesota business tax electronically, such as sales and withholding taxes.

Go to www.revenue.state.mn.us and log in to e-Services. You'll need your bank routing and account numbers. When paying electronically, you must use an account not associated with a foreign bank.

You can also pay by debit or credit card, or by ACH credit. See Make a Payment on our website for details.

# Paying by Check

If you are paying by check you must include a payment voucher. Go to **www.revenue.state.mn.us** and enter **Voucher** in Search. Select e-Services Payment Voucher System and follow the prompts to create a payment voucher.

## **Line Instructions**

### Line 1 — Beginning Inventory

Enter the number of liters for each type of wine in columns A through F, and the number of bottles in column G.

The beginning inventory must be the same as the previous period's ending inventory.

### Line 2 — Schedule A Totals

Complete Schedule A to report the number of liters for each type of wine and the total amount of bottles (exclude bottles containing less than 200ml in the bottle count) during the period.

#### Line 3 — Schedule B Totals

B1. List only those customer returns on which wine tax has been paid to the state, and for which a credit memo has been issued to the customer.

continued 1

# Form LB56F Instructions (continued)

- B2. List customer returns on which wine tax has not been paid to the state and any tax-exempt sales that have been returned to inventory during the period.
- B3. List any miscellaneous adjustments/corrections that increased your inventory such as samples or free goods not included in the purchases.

#### Line 5 — Schedule C Totals

**C1.** The following are considered tax-exempt sales:

- · Sales for shipments out of state
- · Sales to food producers or pharmaceutical firms used exclusively in the manufacture of food products or medicines
- Sales to common carriers engaged in interstate transportation of passengers
- Sales to qualified approved military clubs
- Sales or transfers between Minnesota wholesalers
- Sales to a federal agency that the state of Minnesota is prohibited from taxing
- Sales to the established governing body of an Indian tribe per M.S. 297G.08.

**C2.** You may qualify for a credit for destroyed product if you meet one of the following requirements:

- · You've been ordered to destroy the product by another government agency
- Insurance proceeds do not cover the tax due for the destroyed product

If you're not sure if you qualify, please contact us.

C3. List any miscellaneous adjustments, corrections or transactions that decreased your inventory. If using this schedule, please provide a description of the subtraction listed.

#### Line 6 — Ending Inventory

The ending inventory should agree with, or reconcile to, your ending book inventory. This will be your next period's beginning inventory.

### Line 13 — Small Winery Credit

To qualify for this credit, you must be a small winery who, in the last calendar year, produced 75,000 gallons or less of wine and cider. Small wineries earn the credit during the calendar year and use the credit in the following fiscal year. Qualified small wineries are entitled to a tax credit equal to the excise tax due on wine or cider sold not to exceed \$136,275.

## Line 15 — Audit Adjustments

List any audit adjustments or other credits for the period.
