What's New for 2025

For taxpayers affected by federal tax law passed after May 1, 2023

Under current law, definitions used in determining Minnesota taxable income are based on the Internal Revenue Code, as amended through May 1, 2023. Since that date, Congress has enacted the 2025 Federal Tax Budget and Reconciliation Bill (H.R. 1). This act contains changes affecting estates and trusts for tax year 2025. Use Schedules M2NC, M2SBNC, and KFNC to calculate the nonconformity adjustments relating to H.R. 1.

Credit for Increasing Research Activities (R&D Credit)

A portion of the current year R&D credit is now refundable. You must make an election on a timely filed return (including extensions) to claim the refundable portion. See the instructions for lines 22 and 32 for more details.

Short Line Railroad Infrastructure Modernization Tax Credit

Eligible taxpayers must now apply with the Department of Transportation for a credit certificate. This change is effective for taxable years beginning after December 31, 2024. The Department of Revenue will continue to manage credit transfer agreements. See the instructions for line 20 and Schedule RAIL for more details.

Employee Retention Credit Subtraction

Taxpayers may claim a subtraction for wages not deducted from income in the current taxable year and used for the calculation of the federal Employee Retention Credit under CARES Act Sec. 2301; TCDTR20 Sec. 206 and 207; and/or ARPA Sec. 9651. See the instructions for line 69 for more details.

Filing Requirements

An estate or trust, regardless of residency status, must file Minnesota Form M2, *Income Tax Return for Estates and Trusts (Fiduciaries)* when it has \$600 or more of gross income allocable to Minnesota or a nonresident alien as a beneficiary. [M.S. 289A.08.subd. 2] When required, the trustee of a trust or the personal representative of an estate must file Form M2 and pay the tax.

Bankruptcy Estates

If the fiduciary of a bankruptcy estate of a Minnesota resident filed a federal return, a Minnesota return must also be filed. Use Form M1, *Individual Income Tax Return*, to determine the Minnesota tax and attach it to Form M2. File it in the same way you file federal returns.

Resident Estates

A resident estate is an estate of a deceased person where:

- (1) The decedent was domiciled in Minnesota at the date of death, or
- (2) The personal representative or fiduciary was appointed by a Minnesota court in a proceeding other than an ancillary proceeding, or
- (3) The administration of the estate is carried on in Minnesota in a proceeding other than an ancillary proceeding.

[M.S. 290.01, subd. 7a]

Resident trusts

The definition of a resident trust differs depending on the date—before or after December 31, 1995—the trust becomes irrevocable or is first administered in Minnesota.

For trusts that became irrevocable or were first administered in Minnesota after December 31, 1995, a resident trust means a trust, except a grantor type trust, which meets one of the following criteria:

1. The trust was created by a will of a decedent who at their death was a Minnesota resident
2. The trust is irrevocable, and at the time it became irrevocable, the grantor was a Minnesota resident. A trust is considered irrevocable if the grantor is not treated as the owner as defined in sections 671 to 678 of the IRC.

For trusts that became irrevocable or were first administered in Minnesota before January 1, 1996, a resident trust, except a grantor type trust, means any trust administered in Minnesota.

To be considered a resident trust administered in Minnesota, you must meet two of these three criteria:

1. A majority of the discretionary investment decisions are made in Minnesota
2. The majority of discretionary distribution decisions are made in Minnesota
3. The trust's official books and records are kept in Minnesota [M.S. 290.01, subd. 7b]

Relevant Minimum Connection of Resident Trusts. The Minnesota Supreme Court ruled in *Fielding v. Commissioner of Revenue*, 916 N.W.2d 323 (Minn. 2018) that a trust may be taxed as a resident if there is "(1) some 'minimum connection' between the state and the entity subject to tax, and (2) a 'rational relationship' between the income the state seeks to tax and the protections and benefits conferred by the state."

The court set out "relevant connections" to be considered, which include Minnesota's connections to:

- the trustee
- the trust's assets
- the administration of the trust
- the trust in the tax year at issue

Continued

The resident trust statute is presumed to be constitutional. Complete and enclose Schedule M2RT with your return if you meet the statutory definition of a resident trust, but believe you may not have sufficient minimum connections to Minnesota to be taxed as a resident trust. Complete Form M2 as a nonresident and use Schedule M2NM to determine your non-Minnesota income (loss) to include on lines 2 and 7 of Form M2.

General Information

Due Date for Filing and Paying

The regular due date for filing Form M2 and paying the tax due is April 15, 2026. If the due date lands on a weekend or legal holiday, returns and payments electronically made or postmarked the next business day are considered timely. If you file your return according to a fiscal year, your return and payment are due the 15th day of the fourth month following the end of the tax year. Short-year returns are due by the 15th day of the fourth month following the month in which the short year ends. Example: If the fiscal year end is May 31, the due date is September 15.

Extension of Time to File

All estates and trusts are granted an automatic six-month extension to file Form M2, if the tax is paid in full by the regular due date. **If the tax is not paid by the regular due date, the extension of time to file is invalid.**

If the IRS grants an extension to file your federal return, your state filing due date is extended to the federal due date. This is a filing extension only. To avoid penalties, you must make an extension tax payment by the regular due date. See **Extension Payment** below for details.

Payments

There are four types of fiduciary income tax payments—extension payments, estimated tax payments, tax return payments, and amended return payments. **Note:** If you are currently paying electronically using the ACH credit method, continue to call your bank as usual. If you want to make payments using the ACH credit method, instructions are available at www.revenue.state.mn.us.

Extension Payment

Your tax is due by the regular due date, even if you're filing under an extension. Any tax not paid by the regular due date is subject to penalties and interest (see lines 36 and 37 instructions on page 9).

If you're filing after the regular due date, you can avoid penalty and interest by making an extension payment for the full amount of the tax owed by the regular due date. For information about payment options see **Payment Options** on page 3. If you administer 100 or more trusts or are required to make other payments electronically, you are required to pay all fiduciary income taxes electronically. *[M.S. 289A.20, subd. 1c]*

Estimated Payments

A trust must make quarterly estimated tax payments if it has:

- an estimated tax of \$500 or more
- any nonresident beneficiary's share of estimated composite income tax of \$500 or more

Payments are due by the 15th day of the fourth, sixth, and ninth months of the tax year and the first month following the end of the tax year. Installments for a short tax year are due in equal payments on the 15th day of the fourth, sixth, ninth and final months of the tax year depending on the number of months in the short tax year. No installments are required for a short tax year of fewer than four months.

The required annual payment is the lesser of:

- 90 percent of your current year's tax liability, or
- 100 percent of the prior year's tax liability. However, if the trust has more than \$150,000 of Minnesota assignable adjusted gross income, you must use 110 percent, rather than 100 percent, of the prior year's tax liability.

The required annual payment must be paid in four equal installments unless certain exceptions apply (see the instructions for Schedule EST, *Additional Charge for Underpayment of Estimated Tax*).

If estimated tax is required for both the estimated tax and the composite income tax, include both on the same quarterly payment. *[M.S. 289A.25]*

To make an estimated tax payment, see **Payment Options** on page 3. If paying by check, send a completed payment voucher with your payment.

Tax Return Payment

If there is an amount due on line 39 of Form M2, you must make a tax return payment. If you're paying by check, send a completed payment voucher with your payment.

Penalties and Interest

Late payment. A late payment penalty is assessed on any tax not paid by the regular due date. The penalty is 6% of the unpaid tax. If you file your return after the regular due date with a balance due, and you do not pay that balance, an additional 5% penalty will be assessed on the unpaid tax.

Late filing. There is also a penalty if you file after the extended due date and owe tax. The late filing penalty is 5% of any tax not paid by the extended due date.

Interest. You must also pay interest on the penalty and tax you are sending in late. The interest rate for 2026 is 7%.

Other penalties. There are also civil and criminal penalties for intentionally failing to file a Minnesota return, evading tax and for filing a false, fraudulent or frivolous return.

Payment Options

If you administer 100 or more trusts, you are required to pay all the fiduciary income taxes electronically. We will assess a penalty of 5% of the payment if you fail to do so when required.

Reporting Federal Changes

If the Internal Revenue Service (IRS) changes or audits your federal return and it affects your Minnesota return or distributions to beneficiaries, you must file a Form M2X, *Amended Income Tax Return for Estates and Trusts*, with the department within 180 days after you were notified by the IRS. Enclose a copy of the IRS report or your amended federal return with your amended Minnesota return.

If the changes do not affect your Minnesota return or Schedules K-1, you have 180 days to send a letter of explanation to the department. Send your letter and a complete copy of your amended federal return or the correction notice to: Minnesota Fiduciary Income Tax, Mail Station 5140, 600 N. Robert St., St. Paul, MN 55146-5140

If you amended your 2025 federal return solely due to the 2025 Federal Tax Budget and Reconciliation Bill (H.R. 1), your Minnesota NC (nonconformity) adjustment will offset the changes to your federal taxable income. For these amended returns, write "H.R. 1" in red at the top of your amended return (Form M2X) and the amended Schedules KF you issue to beneficiaries. For more details, see the Schedule M2NC instructions.

If you fail to report as required, a 10% penalty will be assessed on any additional tax. [M.S. 289A.60, subd. 24]

Filing Reminders

Composite Income Tax

Minnesota allows estates and trusts to file composite Minnesota income tax on behalf of their beneficiaries who are nonresident individuals and elect to be included. As a result, the electing beneficiary is not required to file Minnesota Form M1, *Minnesota Individual Income Tax Return*.

The electing individuals must not have any Minnesota source income other than the income from this trust or estate and other entities for which they are electing composite tax or are a part of a PTE tax return.

Beneficiaries receiving distributions from an estate or trust reporting installment sale gains on line 6 of Schedule KF are not eligible for inclusion in a composite return.

If you are paying composite income tax for your electing beneficiaries, check the box for composite income tax on the front of Form M2 and see the line 14 instructions on page 5.

Request for Early Audit

You may request an early audit of a decedent's income tax return, property tax refund claim, the return of an estate, or of a terminating trust by filing Minnesota Form M22, *Request for Early Audit of Minnesota Income Tax Return*. The request reduces the time the department has to assess additional taxes from 3 1/2 years from the later of the date the return was due, or when it was filed, to 18 months after the request was received.

Use of Information

Your Minnesota tax ID number is public information. All other information on this form is private, and cannot be given to others except as provided by state law. The identity and income information of the beneficiaries are required under state law so the department can determine the beneficiary's correct Minnesota taxable income and verify if the beneficiary has filed a return and paid the tax. The Social Security numbers of the beneficiaries are required under M.S. 289A.12, subd. 13.

When Filing a Paper Return

How to Assemble

Arrange your Minnesota schedules in the order they were completed and place them behind your Form M2. Schedules KF should be grouped together and sorted with the largest share of Minnesota source income first. Then place your federal return and its schedules behind the Minnesota material. Do not staple or tape any enclosures to your return.

Where to Send

Mail your Minnesota and federal forms and schedules, using this mailing label.

Cut on the dotted line and tape to your envelope.

Or mail to: Minnesota Department of Revenue, Fiduciary Income Tax, Mail Station 1310, 600 N. Robert St., St. Paul, MN 55146-1310

Minnesota requires backup withholding to be made when the payee is subject to federal backup withholding on reportable payments made to a trust for personal services. (IRC section 3406). The Minnesota backup withholding is equal to the payment multiplied by the highest Minnesota tax rate for trusts. The Minnesota backup withholding must be passed through to the trust's beneficiary(s) based upon the income distributed to the beneficiary(s). Signature

The return must be signed by the fiduciary or authorized officer of the organization receiving, controlling or managing the income of the estate or trust. The person must also include his or her ID number.

If someone other than the fiduciary prepared the return, the preparer must also sign and provide their Preparer Tax Identification Number (PTIN) and phone number.

Check the box to authorize the department to discuss this return with the preparer. This authority allows us to discuss with your preparer these items from this return: line item details; tax due on original and adjustments made during processing; penalty or interest due; documents received or sent like a tax order or bill; and dates and amounts of payments, credits, or refunds. The authority also allows your preparer to cancel direct deposit or debit payments and submit an abatement request.

The authority granted by a marked return checkbox is valid for one year after the due date for current original returns, or one year from the date the form was submitted for amended and noncurrent original returns.

Checking the box does not give your preparer the authority to sign any tax documents on your behalf, represent you at any audit or appeals conference, or discuss abatement progress. For these types of authorities, you must file Form REV184b, *Business Power of Attorney*, with the department.

E-mail Address

If the department has questions regarding your return and you want to receive correspondence electronically, indicate the e-mail address below your signature. Check a box to indicate if the e-mail address belongs to the fiduciary or paid preparer.

By providing an e-mail address, you are authorizing the department to correspond with you or the designated person via email and you understand that the entity's nonpublic tax data may be transmitted over the Internet.

Lines 71 through 74

These lines are intentionally left blank.

Allocation of Adjustments (Lines 76 through 78)

The beneficiary(s) of a trust or an estate must file an individual or fiduciary income tax return to report their portion of the income distributed. A resident individual beneficiary must report all income from the trust or estate. A nonresident individual beneficiary who receives \$14,950 or more of Minnesota gross income must report income assignable to Minnesota.

The purpose of this section is to allocate any adjustments noted on lines 44 through 57 and 59 through 74 between the beneficiary(s) and fiduciary. If all the income is retained by the trust or estate, then any adjustment is allocated entirely to the fiduciary. If all of the income is distributed, then any adjustment is passed through to the beneficiary(s) in proportion to their share of distributable net income. If part of the

income is retained and part distributed, then part of the adjustment is allocated to the fiduciary and part to the beneficiary(s).

The share of adjustments in column E is the same percentage share as the fiduciary's and each beneficiary's share of federal distributable net income to the total distributable net income (the amount on Form 1041, Schedule B, line 7). Divide each share by the total distributable net income to determine the percentage.

Certain adjustments must be assigned entirely to the fiduciary or the beneficiary. See the instructions for line 28 on page 7 for the allocation instructions for Minnesota backup withholding. See the instructions for line 49 on page 11 for the allocation instructions for the Section 199A QBI addition.

Where the adjustment is an addition, that portion of the adjustment allocated to each beneficiary and to the fiduciary must be shown as an addition.

Where the adjustment is a subtraction, that part of the adjustment allocated to each beneficiary and to the fiduciary must be shown as a subtraction.

Column C

Enter the federal distributable net income assigned to each beneficiary and the fiduciary as determined for federal purposes. Add the amounts and enter the total on line 78, column C.

Column D

To obtain the proper percentage, divide each figure from column C on lines 76 and 77 by the total of column C on line 78. Enter this percentage in column D to correspond with each beneficiary and the fiduciary. The total of column D must equal 100%.

Column E

To obtain the proper share for each beneficiary and the fiduciary, multiply the adjustment on line 78, column E, under additions and subtractions by the percentage in column D. Enter the result for each beneficiary and the fiduciary in column E, under additions or subtractions.

Complete a Schedule KF for each beneficiary who is assigned adjustments. Complete and provide Schedule KF to each nonresident beneficiary with Minnesota source income and any Minnesota beneficiary who has adjustments to income.

Completing Schedule KF

Complete and provide Schedule KF to each nonresident beneficiary and any Minnesota resident beneficiary who has adjustments to income.

Enter the information associated with this estate or trust and beneficiary.

Purpose

An estate or trust must provide each nonresident beneficiary, and any Minnesota beneficiary with adjustments to income, with enough information for them to complete a Minnesota income tax return and determine their correct Minnesota tax.

Schedule KF provides beneficiaries the information they need to file a Minnesota income tax return. The schedule shows each beneficiary their specific share of the fiduciary's income, credits and modifications. Provide the beneficiary a copy of both the front and back of the completed Schedule KF and instructions.

If there are no modifications or credits and the beneficiary is a full-year Minnesota resident, you do not have to provide Schedule KF.

You must enclose with your Form M2 copies of the Schedules KF and attachments issued to your beneficiaries and copies of your federal Schedules K-1.

If the sale was completed by the fiduciary, then the total gross profit is found on federal Form 6252, line 16. If the sale was executed by an entity owned by the fiduciary, or another entity in a multi-tiered structure, then this information is reported on:

This amount is allocable amongst the beneficiaries in proportion to their share of distributable net income.

If installment sale information is reported to the fiduciary on informational schedules from other entities, then the amount reported to the beneficiaries should equal the total amount reported on all Schedules KF, KPI, KS, and KPC.

- Schedules KS and KPI, line 7b
- Schedule KPC, line 10a
- Schedule KF, line 6b

This amount is allocable amongst the beneficiaries in proportion to their share of distributable net income.

Nonresident beneficiaries must pay tax if their Minnesota gross income is more than the minimum filing requirement for the year (\$14,950 for 2025). Skip this line if the nonresident beneficiary did not elect the fiduciary to pay composite income tax on his or her behalf.

To determine the amount of composite income tax to pay on behalf of each electing beneficiary, follow the steps on the Worksheet for Line 51.

Check the box next to line 51 indicating the beneficiary’s election for composite income tax filing.

If the beneficiary elects to be included in composite income tax but has zero tax due, enter zero on line 51 and still check the box to indicate the election.

Once you have completed all Schedules KF for your electing nonresident beneficiaries, add the amounts on line 51 of all schedules and enter the total on line 14 of Form M2. This is the amount of composite income tax you are required to pay on behalf of your electing beneficiaries.

Worksheet for Line 51

1

Multiply line 50 of Schedule KF by 9.85% (.0985)

2

Add the credits and backup withholding from lines 33, 35 through 42, and 44 of Schedule KF

3

Subtract step 2 from step 1. If the result is less than zero, enter zero

The result in step 3 is the amount you are required to pay on behalf of the electing beneficiary.

Enter this amount on line 51 of the beneficiary’s Schedule KF and check the box to indicate the beneficiary’s election to be included.

Common Problems Using Software Packages

If you use tax preparation software, be careful to buy packages acceptable to the Department of Revenue. Forms produced by the software must meet requirements and be approved before being sold or provided to consumers.

If you are considering any company's tax preparation software, ask to see the vendor's approval letter for the forms you will be using. Keep in mind that we usually won't know if they are approved until late January. It is also important to test the software before filing forms prepared with it. We do not, however, approve the operation or accuracy of any software.

Below are common problems found on fiduciary returns submitted using software packages:

- **Verify that the program uses updated tax tables.** Tax tables are required to be updated every year for inflation. Be sure that the amount on line 10 of your Form M2 is the same amount shown in the tax tables.
 - Fiscal year filers must use the table based on the beginning year of the return.
 - If you are an Electing Small Business Trust (ESBT), verify that the software package uses the tax table when determining the tax. The ESBT is taxed at the highest tax rate only for federal purposes.
- **Look for a payment voucher if you have an amount due on line 39 of Form M2.** If you owe tax, your software package is required to include a payment voucher when you print out a copy of your return. If you are paying your tax by check, you must complete and send this payment voucher with your check to ensure your payment is credited properly.
- **Verify that estimated tax payments were made.** Some software programs may insert the amount of estimated tax payments that should have been paid, not the amount of tax actually paid.
