

New London 0.5% Sales and Use Tax Ends December 31, 2025

Starting January 1, 2026, the 0.5% New London sales and use tax will no longer apply within the city of New London. The general rate sales and use tax remains at 6.875% plus any other local sales taxes that apply in New London.

The tax began October 1, 2017, and was used to pay the costs for constructing and equipping a new library and community room, constructing an ambulance bay at the Fire Hall and making improvements to the New London Senior Citizens Center identified in Ordinance 2017-02.

Registered for New London Sales and Use Tax

All New London sales and use taxes are reported on the December 2025 sales and use tax returns.

If you need to report additional New London sales or use tax after filing your December 2025 return, you will need to amend your December 2025 sales and use tax return.

Transitional Sales

New London sales and use tax ends December 31, 2025. When the sales tax rate decreases, the reduced tax rate applies only to bills issued on or after the effective date of the change. It does not matter when the services take place.

Charge the New London sales tax on the following transactions:

- Lease payments for tangible personal property and motor vehicles that include periods before January 1, 2026.
- Sales of taxable services, including utility services when the bill is issued before January 1, 2026.
- Sales of admission tickets when they are paid for before January 1, 2026, even if the event occurs after that date.

Note: When a bill or invoice separately lists service dates, you may apply the sales tax based on the specific dates of each service.
