2025 Schedule RD Instructions

If your business paid qualified research and development expenses in Minnesota, and those expenses exceed a base amount, you may be entitled to this credit.

The credit equals 10 percent of the first \$2,000,000 of qualifying expenses over the base amount, and 4 percent of expenses over \$2,000,000.

Partnerships and S corporations are allowed to pass the credit through to their partners and shareholders.

The refundable portion of the credit equals 19.2 percent of the remaining amount of the current year credit that exceeds the limitation on use for the combined group before previous year carryforwards are applied.

Qualified Expenses

Round amounts to the nearest whole dollar.

Lines 1–6

Qualified research expenses are the same kinds of expenses and payments that qualify for the federal credit for increasing research activities except that they must be for research done in Minnesota. Qualified research does not include research or expenses ordered from Minnesota or connected to R&D conducted in Minnesota if the research activities were not conducted in Minnesota. Include your qualified Minnesota research expenses paid or incurred in the taxable year on lines 1 through 5.

Qualified research expenses also include contributions to qualified nonprofit organizations that are operated to make grants to small, technologically innovative enterprises in Minnesota during their early development stages. Include these contributions on line 6.

If you received an Innovation Grant from the Minnesota Department of Employment and Economic Development (DEED), then any expenditures funded by the Innovation Grant are not eligible qualified expenses. Do not include these funded expenditures on lines 1 through 6.

Base Amount

Lines 8–12 and 15–18

The base amount is calculated in the same way as it is under federal law, except that expenses must be for research done in Minnesota. Also, your Minnesota sales or receipts that you used to apportion income are used instead of your gross receipts to calculate the base amount.

Enter your Minnesota sales and receipts and qualified research expenses for the indicated tax years in the appropriate columns.

Minnesota does not conform to the federal “alternative simplified method” when determining the base amount.

Lines 13 and 14

Fixed-Base Percentage

Follow the instructions on lines 13 and 14 to determine the amount of your fixed-base percentage. (Note: Only tax years beginning in 1984 through 1988 are used to calculate the percentage.)

Start-up companies. If you had Minnesota sales or receipts and Minnesota qualified research expenses in fewer than three tax years beginning after Dec. 31, 1983, and before Jan. 1, 1989, or if the first taxable year you had both gross receipts and qualified research expenses began after Dec. 31, 1983, your fixed-base percentage for the first five tax years beginning after 1993 is 3 percent (line 14).

See IRC section 41(c)(3)(B)(ii) to figure the fixed-base percentage for any tax year after the fifth tax year beginning after 1993 for which you have qualified research expenses. Use Minnesota qualified research expenses and sales or receipts in applying the provisions of IRC section 41(c)(3)(B)(ii).

Line 30

Any Credit from a Partnership

Include any credit amounts you received as a partner of a partnership (from line 28 of Schedule KPC). Credits from a partnership are limited to the amount of tax attributable to your share of the partnership’s taxable income.

Attach a statement explaining amounts included on line 30.

Line 31

Tentative Credit

C corporations: Complete lines 31 through 46.

Partnerships: For your individual, estate and trust partners, pass the amount, pro rata, on Schedule KPI, line 26. For your partnership and corporate partners, pass the amount, pro rata, on Schedule KPC, line 28. However, partners electing to file composite returns are not entitled to this credit.

Attach Schedule RD when you file your Form M3.

S corporations: Pass the amount through, pro rata, to shareholders on Schedule KS, line 26. However, shareholders electing to file composite returns are not entitled to this credit.

Attach Schedule RD when you file your Form M8.

Line 47

If line 31 is more than line 32, subtract line 44 from the sum of lines 38 and 41, and enter the result on line 47 (if zero or less, enter 0). If line 31 is less than or equal to line 32, subtract the sum of lines 44 and 46 from line 42, and enter the result on line 47 (if zero or less, enter 0).
