Am I eligible?

You may be eligible for a \$2,000 refundable credit if all of these are true:

- You experienced the birth of a stillborn child in 2026
- You received a Certificate of Birth Resulting in Stillbirth from the Minnesota Department of Health’s Office of Vital Records
- You would have claimed the child as a dependent in 2026 if the child had not been stillborn

If you are a part-year or nonresident, you may be eligible for this credit based on your percentage of income taxable to Minnesota.

What is a Certificate of Birth Resulting in Stillbirth?

A Certificate of Birth Resulting in Stillbirth is a record of birth issued by the Minnesota Department of Health’s Office of Vital Records to parents who have experienced a pregnancy loss (fetal death) resulting in stillbirth.

How do I request a Certificate of Birth Resulting in Stillbirth?

Parents may request a Certificate of Birth Resulting in Stillbirth by contacting the Office of Vital Records. You can find the application online at www.health.state.mn.us/people/vitalrecords/docs/stillbirthapp.pdf. Contact the Office of Vital Records at (651) 201-5970 for any additional questions.

Do both parents need to request a Certificate of Birth Resulting in Stillbirth?

No. Only one credit is allowed per birth resulting in stillbirth. If you are filing a joint return with the person listed on the fetal death report, you only need to obtain one certificate for each birth resulting in stillbirth. If you are not filing jointly with the person listed on the fetal death report, you may claim the credit only if you would have claimed the child as a qualifying dependent in 2026, had they not been stillborn.

How do I know if I would have had a qualifying dependent?

Generally, this means the child would have lived with you and would not have paid more than half of their own support. Minnesota uses the federal definition for a dependent. For more information, see IRS Publication 501.

What if I experienced more than one birth of a stillborn child in 2026?

1. Complete a separate Schedule M1PSC for each child
2. Add the amounts from line 7 or line 8, whichever applies, from each Schedule M1PSC
3. Enter the result from step 2 on line 5 of Schedule M1REF

Do I qualify for this credit if I had a stillborn child before 2026?

No. The delivery must have occurred in 2026. If you had a stillbirth in a prior year, you must complete Schedule M1PSC for that tax year.

Do I qualify for this credit if I received a Certificate of Birth Resulting in Stillbirth from another state for a loss in 2026?

No. The Certificate of Birth Resulting in Stillbirth must be issued by the Minnesota Department of Health’s Office of Vital Records.

What do I need to provide?

To qualify for this credit, you must have received a Certificate of Birth Resulting in Stillbirth issued by the Minnesota Department of Health for a delivery occurring in 2026. We may ask you to provide a copy of this record if we cannot verify the information.
