

## Virginia 1.0 Percent Sales And Use Tax

Starting January 1, 2020, the City of Virginia will have a 1.0 percent sales and use tax. The Minnesota Department of Revenue will administer this tax. Revenues will fund the renovation, reconstruction, expansion, and improvements of the Miner's Memorial recreation complex and convention center identified in Chapter 2 of the Virginia City Code, Local Sales and Use Tax.

This 1.0 percent sales tax applies to retail sales made into Virginia. The use tax applies to taxable items used in the City if the local sales tax was not paid.

For more information, see Fact Sheet 164, *Local Sales and Use Taxes*.

### Who must register

### Reporting the tax

Report the Virginia sales and use tax when you report your Minnesota Sales and Use tax. Each local tax is reported on a separate line of your return. Virginia sales tax is line number 647; Virginia use tax is line number 648.

### Use tax

Virginia use tax applies when you are located in the City and you buy items or services without paying the Virginia sales tax.

Use tax is similar to sales tax and the rates are identical. It is based on your cost of taxable purchases. Common examples of when you owe use tax are when you:

- Buy items on the internet, by phone, or from any business for use in Virginia and the seller doesn't charge the local tax.
- Buy items for resale at your business in Virginia and then remove some of the items from inventory for business or personal use.

### Calculating the tax

To calculate the tax:

1. Add the 6.875 percent state sales tax rate and the 1.0 percent Virginia tax rate.
2. Apply the combined 7.875 percent rate, plus any other local taxes that apply, to the sales price. For more information, see Fact Sheet 164S, *Special Local Taxes*.
3. Round the total to the nearest full cent.

You can download a 7.875 percent rate chart from our website or call us to request a paper rate chart.

### When to charge the tax

Charge the Virginia sales tax when customers buy taxable items or services in the City, unless they give you a valid exemption certificate.

The tax applies to purchases for business or personal use, even if the customer is from elsewhere or takes the items out of Virginia.

### Exemption certificates

If a customer gives you a completed exemption certificate for state sales tax, also use that certificate as proof of exemption from the Virginia sales and use tax.

### Local governments

Local governments do not pay the Virginia sales and use tax (or other local general sales taxes). No exemption certificate is necessary. State sales tax may apply.

### Transitional Sales

Virginia sales and use tax applies to sales on or after January 1, 2020, but the tax does not apply to the following:

- Lease payments for tangible personal property and motor vehicles that include periods before January 1, 2020. (The tax does apply to payments for periods that begin on or after that date.)
- The purchase of tangible personal property ordered before January 1, 2020, if the transfer of title or possession is prior to that date.
- The purchase of taxable services, including utility services, if the billing period includes charges for services furnished before and after January 1, 2020, (But the tax does apply if the billing period begins with services furnished on or after that date.)
- The purchase of admission tickets if they are paid for before January 1, 2020, even if the event occurs after that date.
- The purchase of construction materials used to complete a lump sum or fixed price construction contract that was signed and enforceable before January 1, 2020, but only if all the following are true:
  - The contract does not provide for an allocation of future taxes.
  - The materials are used exclusively in performing the contract.
  - The materials are delivered before July 1, 2020.
